

Chapter: 1308

What else to say?

Lin Fan smiled, and a chill suddenly appeared in his eyes:

“I said, you Zhang family, you have to kneel down!”

An overwhelming murderous intent swept through, causing everyone present to chill.

At first he wanted to persuade the Zhang family, but since the Zhang family was shameless, then he used his fist to force them to give in!

I want you to stand as a human being, if you don't give face, then kneel down and be a dog for me!

boom!

Hearing this, the members of the Zhang family jumped into thunder, this trash son-in-law, dare to threaten them?

When the theft was discovered, Lin Fan didn't feel ashamed, but dared to be so arrogant.

court death!

“Even if your wife Bai Yi is here, she wouldn't dare to say this to me. What kind of thing are you?” The old lady Zhang had a gloomy face and said murderously:

“Although you have Bai Yi to support you, but you Thousands shouldn't be absolutely wrong, shouldn't insult our Zhang family again and again, so don't leave today!”

Just!

Lin Fan nodded with a grinning face:

“Okay, I won't go, I haven't waited until you kneel down and kowtow!”

“Grandma, please!”

Upon hearing this, Zhang Yichen panicked completely.

If you offend Lin Fan, then their Zhang family is really over. With Lin Fan's ability, one finger is enough to kill everyone in the Zhang family.

With a deep pain on her face, she was already crying so hard that she couldn't bear the expectation of her grandfather, and let the Zhang family perish like this.

Snapped!

But as soon as the voice fell, old lady Zhang slapped her face heavily.

The old lady Zhang was furious and stared at Zhang Yichen with disgust:

“Bitch, you dare to protect this waste now! I think you are really hopeless!”

“Grandma, I didn't...” Zhang Yichen cried mournfully. , The reason she begged for mercy was for Zhang's family.

“Grandma, Lin Fan, this idiot stole something from the Blood Lord, and his end will be very miserable. Since this bitch wants to bury him, let him go!”

Zhang Lei said maliciously. As long as Zhang Yichen dies, no one in the Zhang family can compete with him for the position of Patriarch.

Humph!

And the old lady Zhang just snorted, but didn't express her position.

It seems that Zhang Lei was acquiesced and intended to sacrifice Zhang Yichen.

See it!

Zhang Yichen was completely dumbfounded, and tears were falling out of that poignant face.

This is my family?

At this time, Zhang Yichen only felt her heart twisted. She did not expect that the family she wanted to protect desperately wanted to kill her!

And this time!

With a gloomy expression, Lin Fan helped Zhang Yichen, who was crying to the ground, up:

“Don't cry, everything has me!”

What!

Everyone froze in place, their faces dull, they all felt that Lin Fan's words were too crazy.

have you?

What are you?

With the little white face raised by his wife, Jiang Shi's famous trash, dare to say that everything has him?

Hahaha!

Immediately afterwards, there was a burst of laughter from the audience, and the contempt on that face became more and more intense.

One by one, it's like hearing a big joke!

“No, he not only stole the things of the blood master, but also the things of the four masters!”

At this moment!

Zhang Wenxiang has taken out all the antiques.

They were surprised to discover that these antiques all belonged to the four masters!

what!

Everyone's expressions changed wildly!

Everyone looked at Lin Fan with horror, that is to say, all the things brought by this waste today were brought secretly?

What a courage!

Upon hearing this, Zhang Lei was already shaking with excitement, and he couldn't wait to shout:

“Call! Sanshu, call!”

“Today, I want this waste to die!”
