

Chapter: 1315

then!

Everyone saw that there were countless dazzling white lights sweeping wildly in the field, and the roar of helicopters continued to ring around the hotel!

The next moment, under everyone's horrified eyes!

Bang bang bang!

A group of silhouettes broke through the window in an instant, and suddenly appeared on the scene!

ten people!

Fifty people!

One hundred people!

Dressed in blood, full of fierce gaze!

These over a hundred people are all like angry lions and evil tigers, and their murderous aura is strong to the extreme!

Completely detonated the audience!

“Blood...people in blood hell!”

After seeing these people, everyone suddenly got a numb scalp!

Because they all know that these people are all lunatics!

A group of desperate lunatics!

Because the master they serve is the most crazy and terrifying man in the world.

They can clearly feel the extreme crazy killing intent from these blood prison powerhouses.

This is simply a teacher of tigers and wolves!

Just standing there made everyone present shudder.

The temperature around it also seemed to drop to freezing point at this moment!

“The Blood Lord is here!” The audience was completely shocked!

There was a deep horror in everyone's eyes, and they had obviously realized something.

The Blood Lord came, and even brought a hundred powerhouses in the Blood Prison!

You don't need to think about it or know that he is here to inquire!

Hahaha!

Seeing Zhang Lei here, I was crazy, what he had been looking forward to for a long time, finally came!

Lin Fan must die!

“Lin Fan, the blood master came to you to settle the account, you can kneel down and wait for death!”

Zhang Lei said happily, and at the same time looked at Zhang Yichen with contempt:

“Zhang Yichen, this is the backer you are looking for? Thinking of relying on this waste, Can we make our Zhang Family succumb?”

“Hahaha, your wishful thinking has failed!”

And heard this!

The Zhang family also looked at Zhang Yichen contemptuously, and they were mocking Zhang Yichen's lack of eye, believing in a waste son-in-law?

Now, deserve to be implicated!

Everyone present also felt that there would be no more accidents this time.

Lin Fan is completely finished!

A pair of eyes full of ridicule, at this moment, gloating at Lin Fan.

It's like looking at a dead person!

Da Da Da...

At this moment, a steady sound of footsteps gradually approached from outside the door.

The audience!

A dead silence!

Everyone realized who was the one who appeared on the stage, so they all held their breath at this time.

There was a deep awe on that face!

Even the people of the Zhang family had to put away their previous arrogance after seeing the blood Lord coming, and at this time showed respect and flattery.

Because they knew very well that even their Zhang family couldn't offend the existence in front of them.

Then, under the awe and scorching eyes of everyone, a figure slowly walked in.

The suit is neat and extravagant!

The deep eye sockets hide the sharp eyes, full of death like a vulture.

He was holding a cigar obliquely in his mouth, and his terrifying gaze slowly swept across the field, as if overlooking a group of ants.

And being stared at by him like this, everyone present felt their scalp numb, like a scourge standing in front of them.

Let them even have trouble breathing!

“Blood Lord, there is a long way to go!”

At this moment, Mrs. Zhang's face suddenly looked like a dog's tail flower market, with a flattering ingratiation, she quickly greeted her.

Behind her, Zhang Lei, Zhang Wenxiang and others were also close behind.

His face was filled with excitement and awe!

They all know that this is the best opportunity to curry favor with the Blood Lord!

At this time, Zhang Lei couldn't hold back the killing intent in his heart, pointed at Lin Fan with a sinister expression, and said to the blood master:

“Blood master, the chore you are looking for is him!”

Just!

After taking a look at Lin Fan, Perkins withdrew his gaze indifferently:

“I am not here to look for him!”
