

Chapter: 1326

He is not the dark emperor!

Everyone was shocked!

Then why is this emperor's black seal in Lin Fan's hands?

This question lingered in Bai Yi's heart at the same time.

And Lin Fan smiled and explained to Bai Yi:

"This emperor's black seal was handed to me by the dark emperor before, in order to deal with the situation like this!"

Then, his eyes were extremely cold. Xiang Xiao family father and son:

"Because he has known for a long time that if you take the post of Jiangnan Communist, it will certainly arouse dissatisfaction with some people. This black mark is a deterrent!"

Wen Yan!

The Xiao family's father and son trembled all over!

In those eyes, there was a deep fear, and it seemed that he couldn't believe that the dark emperor had such a high regard for Bai Yi, and even handed these seals to Bai Yi.

Next moment!

Their faces are extremely gloomy!

They devoted all their loyalty to the Blood Prison and were willing to serve as a bull and a horse for the Dark Emperor.

But he gave such an important thing to a waste who has no background and ability?

This makes their hearts feel a lot of jealousy!

Why!!!

Now!

The father and son lowered their heads together, unwilling to let everyone see their expressions at this time, their eyes burst out with vicious and vicious looks like wolves.

Hate Baiyi!

Hate the Dark Emperor too!

then!

Lin Fan looked at Director Lin:

"Check out! We have other things!"

"It doesn't have to be necessary, this thing is treated as if we gave it to the Dark Emperor."

Director Lin said flatly, where would he dare to ask for that man's money?

not to mention!

This is a great opportunity to curry favor with the dark emperor. If you ask for money at this time, it is purely a brain kick to the donkey.

It's a pity that Lin Fan smiled contemptuously:

"Sorry, the dark emperor said, he doesn't want to owe favors!"

Then, Lin Fan picked up the emperor's black seal and pressed it heavily on a piece of paper.

A dark black mark of the devil's head suddenly appeared!

"Take this paper, fill in the amount, and cash it out at Global Bank!"

"Yes!"

However, Director Lin, who received the money, was crying with a look of loss.

then!

Lin Fan took Bai Yi and left the auction house.

After he left, all the rich and powerful suddenly revealed a deep bitterness.

I was very grateful that Lin Fan didn't bother with them. If this guy used the emperor's black-printed fox to fake his power, they would all have to die!

"Quick! Pass the order down! Let the family owners never provoke Jiangnan Baiyi!"

"Go! Come with me back to the family, prepare a generous gift, and go to Jiangshi to apologize to Miss Baiyi!"

"At any cost! Regardless of the consequences! How must the new Baishi reach a cooperation, won the favor of the emperor, Bai Yi is already unstoppable!" At the moment, everyone is not even in the mood to participate in the auction, and they burned their eyebrows and left quickly.

And seeing those rich men who surrendered to them, now they want to change their doors in front of them.

The expressions of Xiao Tingjun and Xiao Youwei were extremely gloomy!

"Dad, the dark emperor, took everything from us, why are we not as good as that bitch?"

Xiao Tingjun asked with envy and hatred.

At this time, Xiao Youwei's expression was also extremely gloomy:

"Since the Dark Emperor is ruthless, don't blame our Xiao family for being unjust! Don't worry, today's bitch will die!"

Xiao Youwei has made up his mind and killed Bai Yi!

Betray the emperor!

...

And now!

Lin Fan took Bai Yi's hand and wanted to leave Jiangbei.

"Lin Fan, what the hell is going on? That emperor's black seal, really the dark emperor gave you?"

Bai Yi looked at Lin Fan suspiciously. She never felt that the dark emperor would give such important things to you. To such a small person like her.

There must be something strange here!

However, Lin Fan didn't want to say more, and said coldly:

"I'll explain to you later, let's leave here first!" For some reason, the uneasy feeling in his heart became stronger and stronger.

Now he just wants to leave Jiangbei quickly and return to Jiangshi!

See it!

Bai Yi couldn't help feeling that something was wrong, so he didn't dare to continue to ask questions, and couldn't help but speed up.

Something is going to happen?

just!

Just now!

"Excuse me, you guys today can't leave yet!"
