

Chapter: 1349

boom!

Although these remarks were peaceful, they were so overbearing to everyone!

It was as if Dragon Tiger and God of War were already his defeaters, showing absolute self-confidence!

When they heard this, Bai Yan, Wang Mingzhe and the others were full of ecstasy, and they were almost jumping with excitement.

just!

Just when they thought that the Dragon and Tiger God of War would definitely retreat in shame, they saw the Dragon and Tiger God of War, and a touch of disdain appeared on his face:

“The King of the North, we admit that we are not your opponents, but tonight we should It should be you who left!”

“Because tonight, you don’t know what a terrible existence the Lin family has sinned!”

What!

Upon hearing this, everyone was in an uproar!

Dragon Tiger God of War, even dared to threaten the King of the North?

Why are they?

The King of the North is a character comparable to the blood prison mad god, even if the blood prison mad god descends, it will not change the situation today!

And Dragon Tiger God of War, dare to ask the King of the North to leave?

This is crazy!

At the moment, everyone cast contemptuous eyes at them one after another. Has this dragon, tiger and war god been together with Lin Fan for a long time, has he also become fond of pretending to be coercive?

“Haha...” The North Realm King sneered twice, apparently also feeling that Dragon Tiger and God of War was insulting him. As the North Realm King, he had never been afraid of anyone.

Immediately, there was a stern look in his eyes:

“Really? But how does the old man feel that apart from the king of the blood prison, no one of you in the blood prison can enter the old man’s eyes!”

Hearing this, Longhu The God of War smiled without anger, with a playful smile on his face:

“What if, what about the King of Blood Prison?”

Just!

The words just fell!

Hahaha!

The king of the north burst into laughter suddenly, as if he heard a big joke.

The eyes that looked at Dragon Tiger and God of War were filled with a lot of playfulness, as if “I have seen you through long ago”.

“You don’t need to bluff me anymore. As far as I know, Lin Zuo and Ni Phoenix Army Zuo are already dispatched together to attack the King of Blood Prison!”

“The best result is that he escaped from China alive! The high probability is that the man who claims to be the strongest will stay in China forever!”

Boom!

In an instant, the audience was completely shocked!

Lin Zuo and Nihuang Army Zuo, went to attack the King of the Blood Prison together?

China, the four strongest army, directly dispatched two, even the man who is known as the strongest man in the world, I am afraid he has to avoid his edge!

The Lin Family, in order to kill Lin Fan, was so generous?

This is incredible!

Now!

Bai Yan and the others only felt that happiness had come too suddenly, all of them were hot-headed and looked at Lin Zekun with admiration!

Puff!

Wang Mingzhe, a flatterer, knew that this was the best time to flatter him. When he even knelt down towards Lin Zekun, he said in admiration:

“Three young masters , you are really good fortune, a wonderful calculation ! You can even bring Lin Zuo to peace. The Nihuang Army Seat is also playing around with applause!”

He never expected that Lin Zekun had arranged such a grand game!

At the same time, the four super terrifying existences, the King of the Blood Prison, the King of the Blood Prison, the Neon Phoenix Army, were framed together!

They are already sure of winning!

And this time!

When Lin Zekun heard this, his face was also full of pride, and he looked at Lin Fan condescendingly:

“Lin Fan, do you understand now? Waste is waste after all, and in front of a real genius, it will always be Ca n’t get on the table!” “Next, you can die!”

Hearing this!

Lin Fan raised his head and looked at Lin Zekun with a cold look. The corner of his mouth raised an extremely terrifying smile:

“In order to kill me, you Lin family, you really took great pains!” The Lin family hurt him and his mother. !

Now, he wants to destroy his hard-won family again!

This completely made Lin Fan crazy!

“Since you set up this mortal game for me, then I...break the game first! Then kill!”

Then, he took a deep breath and snarled brazenly under everyone’s extremely horrified eyes:

“Blood Hell, Coming !!!”
