And this time!

Lin Fan sent Bai Yi home, but suddenly received a call from Ye Shihao: “Wang, the matter has been investigated, and the Lin family will take the lead and the Wang family will execute it on her behalf. Once the queen is accused of selling fake drugs, then the Lin family will not hesitate. Put her in jail at all costs!”

Upon hearing this, Lin Fan’s face was completely gloomy:

“I know!”

At that time, he was afraid that he would have to use force to solve the problem.

just!

Just when Lin Fan ready to hang up the phone, but Yeshe Hao said:

. “For the king, Long Kau because you have offended brutally dismissed, so anxious Fire Attack heart stroke fainted, the doctor said I’m afraid will last beyond this week,”

“he My family members found me, hoping that I could introduce them to the genius doctor Lin. Look...”

Long Jiu?

Lin Fan was obviously startled, but it seemed that he had thought of something.

“Tell them to come to the press conference of Xin Bai’s in three days, and I will be there to treat Long Jiu’s illness at that time!” When he hung up the phone, Bai Yi suddenly looked at Lin Fan in horror:

“Husband, you are here. What nonsense? You don’t know medical skills at all, how can you help people with illnesses?”

Hearing!

Lin Fan smiled slightly:

“I don’t know medical skills, but some people do! And that person will help me Xin Bai’s through the difficulties!”

Boom!

Just listen to this!

Bai Yi was completely shocked!

Can they get through the difficulties of the new Baishi?

Who is it with such a great ability?

You know, the situation they are facing now cannot be solved by force, and even the King of the Blood Prison cannot help them.

But Lin Fan actually said that someone could help them?

This is incredible!

Right now, Bai Yi hurriedly asked:

“Who are you talking about?”

Just!

Lin Fan didn’t explain it, but sold it off and said:

“Don’t worry, my wife, you’ll know it then!”

By then, everyone will know that Lin Fan’s woman must not be offended!

.....The three-day period is fleeting!

Bai Yi finally held a press conference under Lin Fan’s continuous instigation.

And she also came to the conference venue with a nervous mood.

just!

On the road, she suddenly saw a familiar figure, and her face instantly became gloomy.

He walked quickly towards the other party, and angrily grabbed the other’s collar:

“Zhang Miaoke, I treat you not so badly, why are you betraying me!”

When the voice fell, Bai Yi was already crying angrily, because she was so impatient. He didn’t expect Zhang Miaoke to betray her, and even wanted to put her to death.

She has always regarded Zhang Miaoke as her younger sister!

There is no reason why Zhang Miaoke didn’t feel it!

Upon hearing this, Lin Fan frowned. It turned out that this woman was Bai Yi’s secretary!

Lin Fan once heard Bai Yi say that Zhang Miaoke was originally a college student from a poor family. His family was poor and could not go to university. By chance, he met Bai Yi and begged Bai Yi to help her go to college.

Over the years, Bai Yi has almost treated her as her own sister, not only paying her tuition, but also giving her pocket money and helping her buy clothes and bags.

but!

This woman betrayed Bai Yi in less than three months after becoming Bai Yi’s secretary!

Zhang Miaoke was surprised at first, and when he saw that it was Bai Yi, a deep disdain appeared on his face:

“Who am I? It turns out that it is President Bai! Why don’t I understand what you said about betrayal? ? ”

I know, you trafficking in counterfeit, utterly devoid of conscience, as your secretary, I could not stand up, in order to avoid more victims appear in your hands, I can only choose to expose you! ”

white Iraq Completely stunned, his expression was extremely wrong.

She had never imagined that a person could be so arrogant, open her eyes and talk nonsense without conscience.

This is more than shameless!

This is simply cold-blooded!
