

Chapter: 1381

Seeing Mr. Bai doing this, all the Bai family members are completely ashamed!

There was a deep panic on his face!

Again... Did it fail again?

Then, their Bai family will fall into hell completely!

Especially Bai Yifan!

This time, he returned to China under tremendous pressure, just to avenge Xuehen and kill Lin Fan and Bai Yi.

But now, the conspiracy is broken!

So next, whether he can get out of Jiang City is a question.

Bai Yi is now the Jiangnan Communist Party leader, she will never let go of herself, she is completely finished!

But right now!

Lin Fan pushed in directly.

“Lin Fan, it’s all you killed! You want our Bai family to die!”

Bai Yifan stared at Lin Fan with great resentment, wishing to cut him a thousand times.

Hear the words!

At the corner of Lin Fan’s mouth, there was a sneer of disdain:

“If it weren’t for your Bai family’s first move, how could you end up like this today?”

“You guys, you deserve it!”

Deserve it? Isn’t this just what it deserves? A thick bitterness suddenly appeared on the faces of the Bai family. If their Bai family didn’t listen to Bai Yifan’s slander, and with Bai Yi’s character, they only needed to ask Bai Yi for a while, and they would be able to let her lift the Bai family’s ban.

But now, it’s impossible, putting Bai Yi to death again and again, no matter how bodhisattva-hearted she is, it is impossible to let them go.

It was they who tried to kill them over and over again.

Now...

they are completely finished!

however!

Just now!

Long Jiu yelled angrily and said:

“The genius doctor Lin has orders! Forgive the Bai family many times, but the Bai family has never repented and ungrateful!”

“From now on, we will concentrate all the medical power on the Bai family, uprooting and endless death. !”

Boom!

Hearing this, everyone in the Bai family suddenly looked like ashes, and sat on the ground in extreme panic.

The genius doctor Lin wants to die with them?

“No!!!”

“It’s over, there will never be a place to turn around!”

“Bai Yifan, you killed us! Didn’t you say nothing is foolish?” At this moment, the Bai family was completely crazy!

He let out a stern roar, all because of Bai Yifan, and all because of Mr. Bai.

At this time, I’m afraid that I can’t even work, so I can only go to the streets to beg for food.

On the side, Zhang Miaoke and Song Yue’s faces suddenly showed a sense of anxiety.

Long Jiu, the commander-in-chief of Jiangnan, is no less than the existence of the Wang family!

Now, with the addition of a Chinese medicine god Lin, the situation is out of control!

Just now!

Lin Fan looked at Zhang Miaoke and sneered:

“Now, it’s your turn!”

Zhang Miaoke suddenly softened his legs and looked at Lin Fan extremely nervously:

“You, what do you want to do?”

Ha ha!

Lin Fan immediately sneered and said gloomily:

“You are Bai Yi’s secretary, but you are in trouble with the Bai family and planted and framed Bai Yi. Do you think I will let you go?”

just!

Before Zhang Miaoke could speak, Song Yue sneered directly on the side:

“Are you planting the plant? What about the evidence? Without evidence, what you said is a slander against Ms. Zhang. We still reserve the right to prosecute you. ”

Although the Bai family is finished, it is unlikely that Lin Fan wants to move them.

Upon hearing this, Zhang Miaoke also looked at Lin Fan contemptuously, and sneered:

“That is, you said I was planted and framed, do you have any evidence? There is a gold medalist attorney who can help me with the lawsuit, and it depends on you as a trash son-in-law. Want to make me unlucky too?”

This is just a dream!

She didn’t believe that Lin Fan had that kind of ability!

As long as Lin Fan had no evidence, he couldn’t help himself. Anyway, as long as he took the one hundred million and immediately immigrated overseas, even if Lin Fan’s hands and eyes were open to the sky, he couldn’t help her.

The money is enough for her to sit back and relax for a lifetime.

just!

Next, Lin Fan’s words hit Zhang Miaoke’s body like a heavy hammer.

Lin Fan smiled slightly, showing a cat and mouse expression:

“Who said, I have no evidence?”
