

Chapter: 1426

Bai Yi also seemed to have expected such a result a long time ago, and a sneer appeared at the corner of his mouth.

“The words are here, it’s up to you to come or not!”

After speaking, he planned to leave.

what!

Upon hearing this, the Bai family completely exploded!

The old man Bai was even more pale, pointing at Bai Yi and cursing:

“You bitch, pay attention to what you say! Now our Bai family, but Lin Zuo is highly regarded, it is no longer a pallet fish that you can slaughter casually.”

“If you dare to be disrespectful to us, I promise you two will not die!”

Their Bai family will surely soar into the sky!

At this time, Bai Yi dared to be angry without knowing it?

It’s just looking for death!

At the same time, Bai Yifan also walked forward with a gloomy smile, and said with a look of disdain:

“Bai Yi, don’t be afraid to tell you that in the future our Bai family will belong to Lin Zuo. Now you still have time to regret it. As long as you kneel down and kowtow to your grandfather, and divorce the trash around you, our Bai family is not inexcusable. you!”

On the side, the old man snorted heavily, and then stared at Bai Yi.

only!

“No need!”

Bai Yi dragged Lin Fan out without looking back, and disappeared from everyone’s sight after a short while.

boom!

The entire Bai family is completely boiling!

“Live and die! What a bitch who lives and die!”

The old man Bai was trembling with anger, and had an urge to kill.

Bai Yifan pointed out a clear path to Bai Yi, but she still didn’t know good or bad, embarrassing him in public?

Damn it!

Damn this bitch!

On the side, Bai Yifan also smiled sinisterly:

“Grandpa, you have also seen that the female congress is not in the position. Bai Yi doesn’t even have you and the Bai family in his eyes, so he just thinks about this waste.”

Just listen to this!

All the Bai family members were also furious, with deep hatred in their eyes.

“What does she do? Since she wants to die, then I will fulfill her! When our Bai family gains momentum, I must make her die!”

Elder Bai gritted his teeth and said, his heart was filled with hatred.

.....

After coming out of the Bai family, Lin Fan and Bai Yi rushed to the Shen family non-stop.

Intend to invite them too!

At this time, the situation of the Shen family was similar to that of the Bai family.

“Dad, I heard that Lin Fan and Bai Yi have already gone to the Bai’s house. I guess they want to curry favor with them and make friends with Lin Zuo!”

“It’s a pity, those two wastes were driven out by the Bai family, hahaha!”

Shen Jian was gloating. After learning that their Shen family had received the invitation from Lin Zuo, Mr. Shen called him to return to the Shen family.

Because now they are backed by Lin Zuo, and they are no longer afraid of Bai Yi, since they no longer have to draw a clear line with Shen Jian.

Hear the words!

Mr. Shen sneered and said:

“The two wastes, it is estimated that it will not be long before they come to our Shen’s family to please them, but unfortunately it is too late.

“Now our Shen family, it’s not that they can climb high!”

Hearing that, all the Shen family also nodded, with a disdainful smile on their faces.

In my heart, I was already thinking about how to sweep Lin Fan out.

just!

The sinister Cuiping said with a smile:

“Father-in-law, I don’t think we can let them go so easily. Our Shen family can take this opportunity to avenge Bai Yi and shame!

Ok?

The audience was completely silent!

At the moment, one by one is looking at Cuiping curiously!

Even the old man Shen couldn’t help being stunned, and said with a surprised look:

“Cuiping, do you have a way?”
