

Chapter: 1439

All the attention, I am Lin Zuo!

At this moment, everyone was shocked by Lin Fan, and the excitement couldn't calm down for a long time.

And the people of the Shen family are completely desperate at this time!

Mr. Shen jumped into thunder and roared:

“Where are Shen Jian and Cuiping? Where are they?”

Those two calamities wanted to frame Lin Fan and Bai Yi, but they turned out to be the real Lin Zuo and the first lady.

Isn't this going to kill their Shen family?

Now!

The old man Shen planned to hand over the two for atonement, in an effort to calm Lin Zuo's anger.

just!

The Shen family members were crying and crying, and said:

“Patriarch, they have already absconded in fear of sin, I think they have known the identities of Lin Fan and Bai Yi!”

boom!

Mr. Shen finally understood why Shen Jian and his wife had to leave early, and why they said that the major event was not good.

The couple stabbed them with such a big basket in the Shen family, but in the end they drove away. Now they want the Shen family to commit the crime.

Immediately, he was dizzy, almost faint on the spot, if he hadn't been held by someone, he would have landed on the back of his head.

After being supported, Mr. Shen suddenly burst into tears, his face was full of deep regret:

“My family is unfortunate! My family is unfortunate!”

“Quick! Help me to apologize to Lin Zuo!”

just!

Before they approached, Lin Fan had already spoken:

“Shen's family, everybody keeps one hand, it's alive!”

boom!

The moment they heard this, all the people in the Shen family were completely discolored, and their expressions were extremely horrified!

Puff!

Immediately afterwards, they slumped on the ground one after another, their faces completely pale!

That's it!

Shen family, it's over!

Lin Fan didn't want to listen to their explanations at all, and directly made their whole family crippled!

The old man Shen cried and looked at Shen Yumei:

“Yumei, please spare me! I'm your father!”

just!

Without waiting for Shen Yumei to speak, Lin Fan showed murderous intent:

“No more nonsense! I want you to die here in the Shen family!”

boom!

At this moment, everyone could feel the terrifying killing intent on Lin Fan's body!

He knew that Lin Fan must do what he said!

After all, he was Lin Zuo. Lin Zuo wanted to eradicate a small family in China, but it was just a matter of flicking his fingers.

With these words, it was to make Old Man Shen and others look desperate!

They have also realized that the Shen family is completely finished!

At the same time!

After hearing Lin Fan's words, all the members of the Bai family were suddenly tense and tense instantly.

For fear, I will end up like the Shen family!

It's just that Lin Fan didn't even look at them, holding Bai Yi before leaving the door.

See it!

Long Jiu and the others immediately knelt down on the ground respectfully, shouting in unison:

“Respectfully give Lin Zuo!”

And seeing this, I don't know why, the old man Bai and the others, suddenly felt like a knife.

painfully!

They would rather Lin Fan beat them, scold them, and don't want Lin Fan to ignore them so indifferently.

Such a posture is an obvious way to separate the relationship with their Bai family!

Clearing up the relationship with Lin Zuo is tantamount to ruining a great opportunity. How can they accept this?

“Patriarch, can't let them go! Lin Fan is Lin Zuo, we have to rely on him for the Bai Huang Tengda!”

“Yes, Patriarch, he is your grandson-in-law, he will definitely forgive you!”

At the moment, Old Bai also nodded again and again, and then walked towards Lin Fan with his head high and his chest tall.

“What are you doing?”

just!

They were still not close, they were stopped by Long Jiu and others!

But I know that my grandson-in-law is Lin Zuo's old man, so where can I put them in my eyes at this time:

“Get out of the waste! I'm Lin Zuo's grandfather, do you dare to stop me? Are you looking for death?”

But as soon as he finished speaking, Lin Fan turned his head and said with a faint smile:

“Patriarch Bai, am I worthy to call you grandpa?”
