

Chapter: 1440

This sarcasm filled with sarcasm immediately made Old Bai's expression stiff.

At this time, the look in Lin Fan's eyes was extremely complicated.

It was only then that he realized why the Bai family would go to the abyss step by step, and why those partners would cancel their contracts with them one after another, all because Lin Fan is Lin Zuo!

But now he knows that Lin Fan is deliberately humiliating him, but he can't even smile and say:

"Lin...Lin Fan, can you still forgive us? If you forgive us, I will directly hand over the position of Patriarch of the Bai family to Bai Yi, do you think it will work?"

There is a deep pleading in the words!

He is old, knowing that he has no life for a few days, but he doesn't want to watch the Bai family that he has built by himself be destroyed before he is dying.

Even more reluctant to miss such a great opportunity like Lin Fan!

If they can be forgiven by Lin Fan, their Bai family will surely rise to the top.

just!

When Lin Fan heard this, his face became more full-blown, and he took a deep look at Old Man Bai:

"If just now, even if your Bai family could plead for us, even if there was only one sentence! I would forgive you too!"

"It's a pity, you don't have one!"

boom!

These words immediately made everyone in the Bai family feel ashamed, with deep regrets on their faces.

Then, Lin Fan smiled lightly:

"I have given you many opportunities, but you don't know how to cherish, then you have to bear the consequences."

Finished!

He ignored the stunned Bai family, took the Bai Yi family to the helicopter parked outside, and left the wedding banquet hall directly.

"It's over, our Bai family is completely destroyed!"

Seeing this, the old man Bai suddenly sat on the ground with a dead face, and every hair seemed to stand upside down.

Their Bai family is so awesome, they even look down on Lin Zuo as their grandson-in-law!

They are such a big joke!

In the next instant, he gritted his teeth and stared at Bai Yifan, who had been completely dull.

Snapped!

With a slap on his face, Bai Yifan suddenly sat on the ground, bleeding from the corners of his mouth.

Bai Yifan covered his face and looked at Old Man Bai with a surprised expression:

"Grandpa, you..."

"Beast! You beast! You killed us!"

The old man Bai was already mad, and the slap kept slapped towards Bai Yifan's cheek:

"It's all because of you! It ruined the great future of our Bai family! It was you who drove away my good grandson-in-law, I will kill you!"

just!

At this moment, a group of big men sneered, slowly approaching the Bai family and the Shen family, and surrounded them.

See it!

The expressions of the Bai family and the Shen family changed drastically!

There was a deep anxiety on his face!

"You...what do you want to do?"

Their voices trembled, and they asked in horror.

"What? Do you know that I came back all the way from abroad just to see Lin Zuo's side? It turned out that you were good, and when you came up, Lin Zuo humiliated Lin Zuo and made Lin Zuo leave. I even talked to him. There is no chance to say something, what do you think I want to do?"

"Dog things, just because you are worthy of insulting Lin Zuo? You simply don't know how to live or die!"

"Broken our good deeds, do you think you can get away with it?"

A group of big guys stared at it, and there was a deep hatred in their eyes, as if they wanted to break the corpses of these two people into pieces!

.....

And this time!

Bai Yi and others had already boarded the helicopter and left the wedding banquet hall.

At this time, Bai Yi finally couldn't restrain the doubts in his heart, and asked Lin Fan:

"Lin Fan, what is going on? Why would Long Jiu call you Lin Zuo?"

As soon as this is said!

The Baishan couple also looked at Lin Fan with trepidation.

What happened today is really incredible.

Make them feel like they are dreaming!

Lin Fan, turned out to be Lin Zuo?

Isn't this a fantasy?

However, at this time, Lin Fan said with a smile:

"Because I am Lin Zuo!"
