

Chapter: 1450

At the moment, Dong Mingfeng naively thought that Dong Qianqiu was here to help him!

Immediately after him, he walked to his father with a smile on his face, and said with a smile:

“Dad, you are here at the right time!”

Seeing Dong Mingfeng, Dong Qianqiu was also surprised:

“Why are you here?”

Dong Mingfeng’s face suddenly sank, and he said with great resentment:

“I came to Bai Yi to talk about cooperation, but they didn’t know how to promote, and they dared to refuse our Dong Medical’s cooperation. I was planning to clean them up!”

“Dad, you can’t spare them lightly!”

hiss!

Upon hearing this, Dong Qianqiu and other senior leaders of the Dong family gasped all air-conditioning, and they were almost scared to death on the spot!

Pack them up?

Let them Dong Family, don’t spare them lightly?

crazy!

This is so crazy!

Their Dong family had already suffered a catastrophe and had to come to the genius doctor Lin to kneel and beg for mercy, begging him to let them go.

But at this time, Dong Mingfeng still dare to threaten them?

Dong Qianqiu only felt that the world was spinning, and almost fainted on the spot.

When he reacted, he jumped into a thunder, and then slapped Dong Mingfeng’s face with a slap:

“You beast!”

Dong Mingfeng landed heavily, his expression was wrong!

Looking at Dong Qianqiu in disbelief, it seemed that he couldn’t understand why his father beat him.

“Dad, what are you doing? I... what did I do wrong?”

What’s more, when he saw the Dong family present, his eyes were full of hatred.

It’s as if he is a broom star.

“You didn’t do anything wrong, I was wrong, I gave birth to you the wrong!”

Dong Qianqiu’s gritted teeth, really killed Dong Mingfeng’s heart.

On the side, Dong Huayu also cried into tears:

“Dad, you’ve hurt our Dong family miserably!”

what!

Dong Mingfeng was even more confused. He obviously didn’t do anything, so why did he hurt the Dong family miserably.

What exactly happened here?

Even Bai Yi was dumbfounded, didn’t the other party come to trouble her?

Why did you directly deal with Dong Mingfeng?

follow closely!

Before Dong Mingfeng could react, Dong Qianqiu led all the senior leaders towards Lin Fan and Bai Yi.

Wow!

Everyone knelt before Lin Fan in horror:

“Mr. Lin, please forgive me!”

Huh!

When these words resounded, the audience fell into a dead silence.

Everyone is dumbfounded!

At this time, I couldn’t believe my ears!

Dong Mingfeng and Bai Yi were completely dumbfounded at this moment!

They actually saw everyone in the Dong family kneeling in front of Lin Fan, begging for his forgiveness?

Dong Mingfeng’s face was like stagnant water, and his face was full of disbelief!

Impossible, it’s impossible!

This guy is obviously a door-to-door son-in-law, what qualifications does he have to make his father humbly?

Not only her, but even Bai Yi on the side was completely dumbfounded.

Lin Fan just said that even Dong Qianqiu had to bow and salute when he saw him. It really happened?

This is almost like a dream to her!

It turned out that Lin Fan had already expected such a thing to happen, so Dong Mingfeng was not put in his eyes from beginning to end.

However, even more terrifying, is yet to come!

At this time, Dong Qianqiu looked at Lin Fan pitifully, with a deep pleading in his eyes:

“Mr. Lin, please withdraw your order, don’t get rid of my Dong family, our Dong family already knows it is wrong!”

Puff!

At this moment, Dong Mingfeng was paralyzed on the ground in fright, staring at his father blankly.

It was the first time he saw his father, who had always been majestic, kneeling on the ground like a dog, begging someone for forgiveness.

And that person is actually the waste son-in-law of the Bai family!

Their Dong family is about to be eradicated by a waste?

So that all high-level officials have to bow their knees and beg for his forgiveness?

How is this possible!

Dong Mingfeng was already frightened, dripping cold sweat constantly flowing down his forehead, making him feel that all this was so strange and incredible.

At this time, he deeply realized that he had really caused a big disaster.

Bai Yi looked at Lin Fan in disbelief:

“Lin Fan, what did you do?”
