

Chapter: 1457

Everyone understood that this was Zhang Yichen's backing, and Zhang Yichen had already advised them, but they didn't care about it at all.

They also laughed at Zhang Yichen for finding a rubbish because his brain was sick, and now it seems that they were short-sighted.

As a queen, how could the man she likes be trash?

I'm afraid that in Zhang Yichen's heart, he wouldn't put them in his eyes at all.

Wang Feifei was so jealous that she was going crazy. She has been crushed by Zhang Yichen since her debut. Even when she is choosing a man now, she has been severely crushed by Zhang Yichen.

Li Quan is inferior to ants in Lin Zuo's eyes!

"It's fine to insult Warlord Longya. You dare to insult Lin Zuo. I think you have eaten Xiongxin Leopard's courage. Nine lives are not enough for you to die!"

A female member of Longya also said viciously, and at the same time looked at Lin Fan with unconcealable love.

Li Quan trembled fiercely, not daring to speak, but looked at Lin Fan pitifully.

Lin Fan smiled slightly and said,

"You entertainment company, I don't like it very much, close it!"

It is an understatement, but it is a final word, and no one dares to question the strength of this sentence.

"Lin Zuo, give me another chance, I...I really dare not."

Li Quan cried so badly, and then looked at Zhang Yichen pleadingly:

"Zhang Yichen, it's all my fault. I was blinded by lard. For the sake of our cooperation for so many years, please help me beg for mercy."

Zhang Yichen couldn't bear to see Li Quan who was like a dog:

"Brother Lin, I think it's better to forget it."

Lin Fan sighed, Zhang Yichen was still too kind after all.

Then he looked at Li Quan:

"You don't need to close your company, but I want Zhang Yichen to hold 60% from today."

"From now on, I want the entire China Entertainment, but she can only fire people, no one can fire her!"

Li Quan shivered, reluctantly in his heart, but he also knew that this was the best result.

He said bitterly:

"Thank you Lin Zuo for forgiveness. I will have someone draft a contract in a while to transfer 60% of China Entertainment's equity to Ariel."

Compared to bankruptcy, at least he can pick up something.

At this time, Lin Fan's gaze fell on Wang Feifei's body.

As for Wang Feifei, who felt this gaze, his hairs were standing upside down, and the whole figure seemed to be blown up, looking at Lin Fan in horror.

Lin Fan sneered:

"As for her, block her forever! If I still see her in the entertainment industry, then you have to die!"

Permanently blocked?

When Wang Feifei heard this, he immediately started to cry.

It took her a whole five years to get to where she is now. For this reason, she didn't know how many bosses and directors she slept with.

Finally, she was finally among the first-line stars.

But now that Lin Fan banned her, all her efforts over the years will be wiped out.

What's even more exaggerated is that she won't want to be a star anymore in her life.

"Sister Yichen, please don't do this to me, I know I was wrong, you give me another chance."

"If I were banned, then my whole life would be completely over!"

Xiao Mei suddenly snorted and gloated:

"Wang Feifei, you also have today? How arrogant you just now, have you forgotten? Now you still have the face to beg for mercy, your face is really not so thick!"

In her opinion, killing Wang Feifei would not understand her hatred.

And Zhang Yichen also sighed deeply, looking at Wang Feifei with complicated eyes:

"I held you up with one hand, and I don't want to ruin you with one hand, but what you did today is too much, and I can't save you."
