

Chapter: 1478

Hearing this, Chen Jinxing and others were relieved in their hearts. As long as Li Qiankun was willing to help, they would no longer need to fear Ning Changkong.

“Since you found a helper yourself, then we won’t bother!”

Zheng Honglian snorted coldly, since these guys are going to go their own way, then she is too lazy to be nosy.

Right now, I was planning to take Lin Fan away!

“Get out of here! Don’t bring trash to embarrass you!”

Chen Jinxing snorted coldly, since the four masters can’t even find a decent fellow, then obviously they have no place in the blood prison.

Naturally, there is no need to give them face.

At this time, Li Qiankun noticed Lin Fan and others.

Especially when I saw Zheng Honglian, there was an indecent look in her eyes, and she asked:

“Who are these people?”

Li Qiankun likes most beautiful milfs, especially those who are graceful, luxurious and full of aura like Zheng Honglian!

So at this time, it was a bad idea!

When she heard this, Chen Jinxing suddenly looked contemptuous:

“They are the forces from the south of the Yangtze River, and they think they can deal with Ning Changkong when they find a waste. It’s ridiculous!”

Hahaha!

Li Qiankun also laughed presumptuously, and then stared at Lin Fan extremely contemptuously:

“This kid has light footsteps and hazy breathing. If this kid is a master, I will lift shoes for him!”

Even Li Qiankun said so, the contempt in the eyes of Chen Jinxing and others is even stronger.

Sure enough, this guy is a waste!

“Just this kind of stuff, let alone Ning Changkong, I’m afraid even his disciples can’t beat him!”

Li Qiankun sneered and said, looking at Lin Fan with a condescending look:

“It’s such a waste, you don’t even deserve to give me shoes! Let him deal with Ning Changkong, I think he is going to die!”

“you!”

This immediately caused Zheng Honglian’s face to change wildly, and there was a strong anger in Zheng Honglian’s eyes!

These guys insulted Lin Fan time and time again, this is simply looking for death, even they can’t stand it anymore.

Then, Li Qiankun looked at Zheng Honglian with an obscene look:

“Beauty, you want to rely on this waste to deal with Ning Changkong, it is too whimsical, right?”

“Well, you stay with me all night, and I will kill Ning Changkong for you and protect your Bai family from worries. How about?”

In the words, there is extreme self-confidence!

It was as if Na Ning Changkong was already his pallet fish.

“You... shameless!”

Zheng Honglian was trembling with anger. As the mistress of the Bai family, she had never been insulted like this.

On the side, Ye Shihao and others were also extremely angry.

If the other party insulted Zheng Honglian, it was equivalent to insulting all four of them at the same time!

But at this time, Chen Jinxing and others also smirked, and one after another urged maliciously:

“Zheng Honglian, it’s rare that Grandmaster Li is interesting to you. You can save the lives of the Bai family by making a sacrifice. Why not do it?”

“Yes, Master Li is also a famous hero, and staying with him all night is not considered condescending to you.”

“You haven’t been a man for so many years, so you have no physical needs? Just Grandmaster Li is a strong body, full of blood, maybe after a taste, you will be fascinated, and you can’t live without him anymore?”

“Becoming Master Li’s woman, who would dare to insult your Bai family in the future? This is a great gift. Is it possible that you really intend to rely on this trash kid to create miracles?”

All the big guys laughed and looked at Zheng Honglian playfully.

At this time, Li Qiankun licked his tongue wretchedly, and was already thinking about how to play with this ripe peach tonight.

“you guys...”

Zheng Honglian gritted her teeth with hatred, but she had the courage to be an enemy of these big guys, so she could only look at Lin Fan as if she asked for help.

But Lin Fan on the side just smiled and stroked his nose:

“I am indeed not a master!”
