

Chapter: 1482

Even the existence of Li Qiankun was killed by Liu Biao in seconds, and even if they shot it, it was just to die.

and!

Behind Liu Biao is Ning Changkong who is a great master!

Even if they won Liu Biao, they couldn't deal with Ning Changkong. At this time, everyone felt a sense of frustration.

All of them lowered their heads and looked bitter, as if they had realized that it was the day when their family business was annexed by Ning Changkong.

Liu Biao suddenly felt boring and sneered:

"It's really a bunch of rubbish, since you don't do anything, then let's calculate the ledger!"

Talking!

With his cold eyes staring at Zheng Honglian and others, a brutal smile was drawn at the corner of his mouth:

"When I come back this time, I am on Master's order to kill you to avenge that year!"

"After you kill you, your children and grandchildren will soon reunite with you in the underworld. Which of you will die first?"

These words are not ordinary arrogance, as if Zheng Honglian and others only have the right to choose the order of death in his eyes.

After seeing Liu Biao's harsh methods, Zheng Honglian also became nervous, knowing that she would never be able to stop such a murderer.

One by one, they looked at Lin Fan pleadingly:

"Mr. Lin please help!"

just!

Lin Fan yawned, and then walked forward casually.

"Boy, are you looking to die?"

When he noticed Lin Fan, Liu Biao was still frivolous and arrogant, with a deep disdain in his eyes:

"I admire your courage, so I will let you die a little easier in a while."

But Lin Fan said with a bright smile as if he hadn't heard his threat.

"You leave now, how about I think about not killing you?"

Quiet!

The audience fell into a weird silence!

Everyone seemed to have stopped breathing, and stared at Lin Fan with ghostly eyes.

I just feel that my brain is blank!

Consider not killing Liu Biao?

Even Li Qiankun, the most powerful of them, was killed by the opponent with a single move. They really couldn't figure out where Lin Fan was confident.

They thought that Li Qiankun was exaggerated enough, but now it seems that Lin Fan is a hundred times more exaggerated than him!

But the difference is that Lin Fan is a stupid exaggeration!

Everyone's eyes widened in horror, even Liu Biao at this time was dumbfounded.

Could this idiot think that just a few words of his own can scare away the murderous Liu Biao?

Ugh!

Soon, Liu Biao sighed helplessly, and said with a disappointed look:

"Why did you find a bunch of guns?"

Talking!

He took the knife and walked towards Lin Fan step by step.

"To be honest, I really don't want to kill you rubbish, because there is no meaning at all."

Chen Jinxing laughed ironically, looking at Lin Fan like an idiot.

Isn't it good to be a trash honestly? Have to look for death?

It's okay now. Liu Biao is angered. It's hard for you not to die!

However, Lin Fan sneered at the moment Liu Biao came:

"I will treat you as rejecting it!"

Ok?

Liu Biao's expression changed, and he seemed to have thought that Lin Fan was still arrogant.

Right now, he laughed grimly, staring at Lin Fan with fierce eyes:

"I changed my mind, next! I will let you die!"

Talking!

His figure suddenly rushed out, like a method, two swords angrily cut Lin Fan's neck!

"Mr. Lin, be careful!"

Zheng Honglian suddenly yelled in horror!

Be careful?

Chen Jinxing and the others only found it funny, Liu Biao's knife couldn't even stop Li Qiankun. Is it useful to be careful with this waste?

This idiot is dead!

But just when everyone thought that Lin Fan would definitely die!

Under the horrified eyes of everyone, Lin Fan slowly stretched out his hand.

clang!

Two fingers, just two fingers, blocked Liu Biao!

Hold his blade firmly between his fingers!

hiss!!!

At this moment, Liu Biao sucked in air-conditioning severely!

That face full of smirks was completely distorted due to panic at this moment.

It's not just him!

The moment he saw this scene, Chen Jinxing and other big guys were also completely confused!

This scene is a hundred times more shocking than Liu Biao killing Li Qiankun!

Liu Biao killed Li Qiankun with just one move, but in Lin Fan's case, his one move was blocked by Lin Fan in an almost humiliating way?

Hallucinations!

This is nothing short of an illusion!
