

Chapter: 1486

Talking!

He put a stack of tickets on the table!

And said high above:

“This is a ticket to the Legion match. You can’t buy it if you have money. I hope you can come to see me and you will know what a real man is!”

Qin Xian headed towards the outside arrogantly, as if he could already feel Bai Yi’s obsessive gaze and the deep awe of everyone present.

It’s a pity that his self-conceited stance is a stupid behavior in the eyes of the Bai Yi family.

Their family has gone through so many winds and waves, and they are already more in love than Jin Jian. Is it an outsider who can provoke them with a few words?

They don’t know where Qin Xianzhong’s self-confidence comes from!

Bai Yi picked up the ticket in disgust, and planned to throw it in the trash can.

But right now!

Zhu Zhide didn’t give up, and hurriedly shouted:

“Bai Yi, you must not lose this! You may look down on Xiao Qin now, but once you see him showcasing his glory in the ring, you may change your mind!”

“Yes, cousin, that Qin Xianzhong has been promoted steadily to the three-star warlord this time, and is even qualified to compete for the God of War. You will regret if you missed him.”

Zhu Ru also spoke quickly, but she was sneer in her heart.

She knew that Qin Xianzhong, although very good, was violent and alcoholic, and had a history of marriage.

The three previous wives were all beaten away by him, and one of them was crippled for life.

If Bai Yi marries him, it will suffer.

“I won’t regret it! Also, I’m having a very happy life now, and I don’t need your intervention in my marriage!”

Bai Yi said with a cold face, about to throw the ticket into the trash can.

See it!

Zhu Zhide and Zhang Kaiming suddenly had a sharp look in their eyes, and they were already scolding in their hearts.

It’s really a cheap bone. If you don’t want to leave a son-in-law with Chenglong, he insists on guarding a waste. Bai Yi is afraid that it is a cheap embryo in his bones!

Zhu Ru was also extremely disappointed. He wanted to push Bai Yi into the fire pit, but he didn’t expect Bai Yi to be fooled.

But right now!

One hand grabbed Bai Yi’s hand, making Bai Yi stunned.

“Lin Fan, what are you?”

But seeing Lin Fan smiled,

“People’s kindness, how can you be so ruined?”

what!

Upon hearing this, everyone was stunned!

Can’t believe my ears.

The other party tried to snatch your wife in front of you, but instead of being angry, you were anxious to send your wife outside to death?

Does this guy have a brain bubble?

At the moment, Zhu Zhide’s family suddenly sneered. As expected, waste is waste, and even his wife was digging a wall.

But they didn’t know, Lin Fan wanted to see what kind of expression Qin Xianzhong would look like when he knew that the instructor Longya had invited was Lin Fan.

“Bai Yi, you see that Lin Fan has said so, don’t you stop rejecting it?”

“Lin Fan, you are so good, do you know that you are not worthy of Bai Yi, so you want to retreat?”

Bai Yi took a deep look at Lin Fan, and finally nodded in agreement:

“Okay, then I’ll go take a look!”

Although I don’t know what Lin Fan’s idea is, but after so many years of getting along, the couple still have that tacit understanding.

She believed that Lin Fan must have his intention to do this.

“Great! Then it’s settled, I’ll see you at the Legion match then!”

The Zhu Zhide family left with satisfaction.

At this time, Bai Yi couldn’t help asking:

“Lin Fan, what medicine do you sell in the gourd!”

just!

Lin Fan sneered and said:

“What’s the matter, I just want to see how Qin Xianzhong is, how many catties?”

At the same time, Lin Fan added in his heart:

“Let’s see if he is really qualified to grab a woman from Lin Zuo!”
