

# Chapter: 1487

The next day!

Early in the morning, Lin Fan went out to buy groceries.

Of course, grocery shopping was just a pretense. He found a vegetable market and parked the battery car.

Xu Longxiang's vehicle has been waiting for a long time,

Without saying anything, Lin Fan got into the car.

He thought all this was seamless, but he didn't expect this scene to die, so Bai Yi, who had forgotten to take the file and turned around, looked straight.

"Lin Fan, Xu Longxiang? How is this possible?"

Bai Yi was completely stunned.

Lin Fan got into Xu Longxiang's car?

What qualifications does he have to be able to associate with such beings as Xu Longxiang?

This scene simply subverted her three views.

The next moment, she took out her mobile phone and planned to call Lin Fan, but when she thought about it, Lin Fan would definitely make excuses to stop her as before.

Dang Even gave up this idea, planning to go to Lin Fan to ask questions later.

.....

Not long after, Lin Fan transferred to a private jet and rushed to the Dragon Tooth Army.

After waiting for the Dragon Tooth Legion, it appeared that the door was empty.

Right now, Xu Longxiang's face was completely gloomy:

"What's the matter? Didn't you arrange for someone to come to greet you? What's your sin for being so negligent?"

Hear the words!

Kou Jianghuai's expression was immediately embarrassed, but he did not dare to speak:

"Old Xu's lesson is that I will definitely teach those bastards when I look back!"

But Lin Fan smiled and said:

"The soldiers under your hand look down on me as a new instructor, so I want to give me a good start!"

In order to make Lin Chentao take it lightly, Lin Fan specially ordered Xu Longxiang not to reveal his identity.

So now Longya still doesn't know that the new instructor they hired by Longya is Lin Zuo, one of the four great army seats.

therefore!

After learning that a new instructor had arrived, they were displeased, and planned to give Lin Fan a chance.

This is the collective not coming to welcome!

In their eyes, only Kou Jianghuai and Dragon Kwai were qualified to be their instructors.

To them, other people are nothing more than wild roads!

"They don't know your identity, so they..."

Xu Longxiang was afraid that Lin Fan would be angry, so he wanted to explain something.

But Lin Fan waved his hand indifferently, and at the same time set his gaze on a large cauldron at the door.

That big tripod is huge, rusty, full of traces of time, but it still looks magnificent!

On the top, there is also a big life-like dragon, which is placed in the center of the door, showing great style!

"This big tripod is interesting!"

Lin Fan said with a smile.

Solanum suddenly changed the subject and said with a smile:

"This great tripod was called Huaxia Ding. It was originally just a piece of scrap iron. Sixty years ago, Mr. Xu was in his prime of life. During a meeting with the parliament, he lifted the one-thousand-jin giant with his bare hands and shocked him. The heroes of the nations!"

"Later, as a souvenir, Mr. Xu brought this scrap iron back to China and cast it into a big tripod, named China Tripod! Guarding at the door of Longya became a symbol of Longya!"

But Old Xu waved his hand and said with a smile:

"It could be lifted back then, but not now, it's old!"

"is it?"

Lin Fan smiled and said with shining eyes:

"Then, let me try?"

what!

Old Xu and others suddenly changed their expressions, staring at Lin Fan in amazement.

"Lin Zuo, now this Huaxia Ding has been rebuilt, but it weighs a ton, you..."

One ton, that's two thousand catties!

It is twice as heavy as before!

Can Lin Fan be able to lift it up?

just!

Lin Fan just smiled:

"Just try, what's the point?"

After speaking, he ignored what Mr. Xu and the others said, and strode towards the Huaxia Ding, which was much higher than the others.
