

# Chapter: 1489

boom!

At this moment, all the warlords felt as if their eyes were about to burst.

They all looked at Lin Fan with an extremely shocking gaze!

Especially, when they saw the big tripod that Lin Fan raised, they only felt that their heads were about to explode!

“That’s... Huaxia Ding!”

They were only joking at first, but they didn’t expect that someone could really lift this ton of giant.

Hallucinations!

This is nothing short of an illusion!

Except for the founder of Longya, Xu Longxiang, who else in China today can lift such a big tripod?

At this moment, everyone was as if they had been given a fixation technique, and they all stood on the spot dumbfounded, staring at Lin Fan.

The expression is as funny as it is!

At this moment, all warriors will fully understand.

I’m afraid that this one in front of me is their newly invited instructor, right?

So fierce, they want to embarrass each other?

But as a result, the opponent’s hand that just came, directly scared them stupid.

And the warlord who just said he wanted to show Lin Fan a little bit of color, he just shut his mouth.

What a joke!

Give this monster a bit of color and see?

I’m afraid he was beaten to death with a punch just as soon as he went up, right?

At this moment, the atmosphere was weird and terrifying.

All the generals are like seeing a ghost.

They have seen all kinds of terrifying opponents, but there is no one that can be compared with Lin Fan.

This guy is simply not human!

At this time, Qin Xianzhong was almost stunned!

The whole person is completely dumbfounded!

Because he had already seen the appearance of the person who came, he seemed to have caused a roar of terror in his heart.

“Lin...Lin Fan?”

how can that be!

That waste, how could it be their newly-instructed instructor?

And there is such a terrifying strength!

Immediately afterwards, he almost exploded his scalp when he thought that he dared to snatch a woman from the new instructor.

At this time, let alone being promoted to make a fortune, whether he can continue to stay in Longya is a question!

“Old Qin, do you know him?”

“Old Qin, what kind of fierce man is this?”

“Qin Xianzhong, have you seen him long ago? Who is he?”

Hearing Qin Xianzhong yelling out Lin Fan’s name, everyone suddenly looked at Qin Xianzhong uncomfortably.

But now Qin Xianzhong couldn’t listen to anything. He was dumbfounded, already paralyzed to the ground in fright.

Qin Xianzhong seemed to have lost his soul, murmured palely:

“It’s over, I’m over!”

At this moment, even more terrifying things happened.

Just listened to Lin Fan’s violent drink, and then the huge Hua Xia Ding was suddenly thrown out, and a parabola was drawn in mid-air.

Boom!

The big tripod crashed down and smashed in front of many warriors, splashing a piece of soil and rubble, causing the earth to sink.

Everyone just stared at it like this, but they felt that their eyes were going to pop out.

Lifting the tripod into the dragon’s teeth is exaggerated enough.

And now, this guy can even throw the Dading away from a distance of fifty meters, which completely blows them up.

Everyone trembled fiercely, and their breathing began to become more rapid, and they looked at Lin Fan with the eyes of a ghost.

At this time they even doubted whether there was a god living in Lin Fan’s body!

This is a hundred times more terrifying than Xu Longxiang, the only founder of their dragon teeth back then!

“From today, I will serve as the chief instructor of Longya, you... can you take it?”

Lin Fan strode forward and asked domineeringly.

A deep wry smile appeared on the faces of all the warriors. At this time, would they still dare not agree?

Puff!

Puff!

At the moment, all the warriors knelt down to Lin Fan respectfully, with an extremely respectful expression.

Shouted in unison:

“I implore Mr. Lin to be Longya’s instructor!”

Lin Fan completely convinced them with terrifying strength.

Therefore, at this time, they have to obey!
