

Chapter: 1496

This moment!

Bai Yi's family is also extremely uneasy.

After hearing that Zhu Ru and others were involved in Lin Chentao's relationship, their expressions changed drastically, and they heard that Lin Chentao was about to reach a cooperation with Lin Zuo.

They are so scared that their legs are weak!

If there were no forest seats, then Lin Chentao would kill them as easy as pinching an ant.

"What are you doing in a daze? Why don't you kneel down?"

Zhu Zhide also roared fiercely:

"You should kneel before us!"

However, there is more to it!

Zhu Ru showed a fierce light in his eyes, and said extremely viciously:

"It's not enough to just kneel, Bai Yi has to slap herself a few times, saying that she doesn't even deserve to give me Zhuru shoes!"

She wants Bai Yi to know that Bai Yi is in her eyes, not shit!

Bai Yi cried directly, and shouted at Zhu Ru:

"Zhu Ru, you and I have no grievances, and I have never offended you. Why do you have to do this to me?"

Even at the release meeting last time, Zhu Ru directly gave her a coffin, and she forgave her with all her heart, thinking that they were a family.

But why does Zhu Ru have such a deep hatred for her, as if he would not stop without stepping on her feet.

Even if she forgave Zhu Ru once, Zhu Ru was still ungrateful and never changed. Every time she found an opportunity, she would trample her severely.

Hear the words!

The look on Zhu Ru's face became more and more proud, and he said with a grin:

"Why? I like it! I'm happy! Can't it?"

"I just can't get used to your high above-the-top look. I want to trample you on the bottom of my feet. What can you do to me?"

In the past, Bai Yi was just an idiot who married a trash, so she always looked down on Bai Yi and enjoyed the pleasure of humiliating her every time.

But in this short period of six months, Bai Yi seemed to be favored by the goddess of luck. Why did Bai Yi come from a small family woman, so lucky, she is also the president of the company, and the co-leader of the south of the Yangtze River, even Lin Everyone is very fond of her.

After all, she is jealous!

Shen Yumei wiped her tears and said with great grievance:

"Forget Bai Yi, let's kneel!"

More things are not as good as less things. She just hopes that her family can be well, and if it is insulted, it will be insulted.

Lin Chentao can't afford to offend such an existence.

Bai Yi was unwilling, but also knew that there was no choice at this time, and he was ready to kneel down in shame.

However, the next scene completely shocked everyone present!

Snapped!

At the moment when Zhu Ru was triumphant, her other face was slapped severely at this moment, and the whole person suddenly slumped on the ground, and a trace of blood spilled from the corner of her mouth. Bit.

The whole face was swollen like a pig's head in an instant.

Zhu Ru was dumbfounded on the spot, as if she couldn't believe that someone dared to beat her at this time.

And the person who shot turned out to be Lin Fan!

In an instant, everyone was about to explode!

All of them stared at Lin Fan inconceivably, as if he couldn't believe that he was so bold as a trash.

Now Zhu Ru's family is Lin Chentao's guest. If you dare to beat her, isn't it just to find death?

"Xiao Fan, don't!"

"Lin Fan, don't mess around!"

Bai Yi's family panicked and hurriedly scolded Lin Fan.

boom!

Zhu Ru, who had reacted, was completely mad, and snarled at Lin Fan:

"Battle seed! Lin family's bastard! After the Legion War, I must let the young master kill you!"

"I want you to die!"

The voice is full of resentment and hatred!

In a word, Bai Yi's face was completely pale!

At this time, Lin Fan had a cold expression on his face:

"You don't have to wait for the Legion War. Our family will participate in the Legion War. I just hope that when the time comes, your Zhu family will not regret what you have done today!"

"Because... Lin Chentao's guest is my prisoner of Lin Fan!"
