

Chapter: 1518

“This Mayweather is too much. I knew he was such a virtue. I would never come to cooperate with him!”

As soon as he walked out of the hotel door, Bai Yi was furious and scolded.

I just feel that at this time, the anger is at its extreme.

On the side, Lin Fan laughed:

“Perhaps now, he has regretted it, maybe?”

Ok?

When Bai Yi heard this, he was stunned, and then gave Lin Fan a white look:

“How is it possible? Did you see the attitude of the scumbag just now? And it is we who ask for him, not he who asks for us!”

Having said that, she sighed:

“Offended Mayweather, we are afraid that we will be struggling in this line of medicine in the future!”

“Lin Fan, did you think I shouldn’t throw him alcohol just now?”

She regrets her gaffe now, so offending Mayweather is tantamount to digging her own grave.

Their new Baishi can’t compete with such international pharmaceutical giants!

just!

Just now!

“Miss Bai Yi, please stay!”

A cry full of fear came from the direction of the door.

follow closely!

Bai Yi saw Mayweather stumbled out, looking horrified.

In that way, it’s like seeing a ghost!

When he approached the door, he even fell, but he didn’t care about the pain, so he threw himself at Bai Yi’s feet and knelt down.

“Miss Bai Yi, I know it was wrong! You just pretend that what I just said is fart, can we go back to the negotiating table?”

Mayweather was almost urinating at this moment, so he dared to attack the queen?

This is simply looking for death!

moron!

I am an idiot!

He kept kowtow, and he looked like he was urinating. At this time, he didn’t even have the courage to look at Lin Fan directly.

boom!

When Bai Yi saw Mayweather kneeling, he was also completely dumbfounded.

This...what the hell is going on?

Just now Mayweather threatened her arrogantly, but after only a moment of effort, he actually knelt in front of her begging for mercy?

Isn’t she dreaming?

“Mr. Mayweather, what are you...”

Bai Yi stared at him in disbelief, and the scene before her made her feel like she was dreaming.

Mayweather was bitter, almost crying:

“Miss Bai Yi, it’s all my fault! I made my own claim and violated the errand accounted by the boss. After the boss heard about it, he severely criticized me!”

“I even said that if I can’t reach a cooperation with you, I won’t want to leave Huaxia alive!”

“Miss Bai Yi, would you forgive me this time? I am willing to provide you with all sales channels for free, as a compensation!”

Bai Yi is dumbfounded!

Completely confused!

This happiness came too suddenly, and suddenly it made her at a loss.

She thought she had offended Mayweather, and her new Baishi must be finished.

In the end, it never occurred to him that Mayweather not only confessed his mistake, but even offered to provide services for her free of charge.

OMG!

How much can she save this year?

however!

Seeing Bai Yi not speaking, Mayweather thought she was unwilling to forgive, and the tiger’s body trembled more severely, and her voice was obviously crying.

“Miss Bai Yi, if you are still not satisfied, I will cover the annual transportation and import and export expenses. I can even remove all the products from the shelves and promote your new medicine. I only ask you to spare me one. Fate?”

“No need, as long as you can cooperate with us normally!”

Bai Yi waved his hand quickly, already stunned at this moment.

just!

Lin Fan sneered and said:

“That’s not okay, this Mr. Mayweather was so terrible just now, how can he do it if he doesn’t give him a bit of pain?”

Immediately, Lin Fan stared at Mayweather with a murderous look.
