

Chapter: 1521

boom!

For a moment, Bai Yi and Li Xijun were dumbfounded.

It seemed that neither of them had thought that Lin Fan would dare to hurt others.

Li Xijun held his face and was stunned for a moment, then his face was flushed, and a thick viciousness appeared on his face:

“Dog stuff, how dare you hit me?”

A waste who eats soft food, dare to beat her?

This is simply turning the sky upside down!

But Lin Fan snorted coldly:

“Stealing my wife’s graduation thesis, and dare to use it to humiliate her, can you not fight a bitch like you?”

what!

The hatred in Li Xijun’s heart is even stronger. Even if this rubbish hits her, he still dares to pretend to be in front of her?

Damn it!

Damn him!

“Yes, I stole it! Everything I own now is robbed from Bai Yi, what can you do to me?”

“Two dead and poor ghosts, you can only look at my old lady, I am so prosperous and prosperous! Then you will be so jealous that you have the ability to bite me? Hahaha!”

Lin Fan was stunned, and he also felt very surprised that there is such a shameless person in this world?

It’s no wonder that Bai Yi is so angry, even if it is him, I am afraid that it will not be calm at this time.

The precious things were snatched away, and the other party took his things to show off in front of him, and even made fun of him with this.

I’m afraid that no one can accept it, right?

At the moment, Lin Fan was staring at Li Xijun with a fierce look:

“I assure you, I will let you return everything you took from Bai Yi!”

If Li Xijun is impunity abroad, then forget it, but since Li Xijun appears in front of him recklessly, Bai Yi’s debt will be collected by him.

what!

Li Xijun was taken aback for a moment, and then burst into laughter with disdain:

“Let me lose everything that I have now? Just relying on your trash?”

“Bai Yi, is your husband funny? Is it interesting to run the train like this?”

Hear the words!

Bai Yi also felt very embarrassed. Lin Fan didn’t even know the identity and background of the other party, so he dared to talk nonsense. Isn’t this just running the train?

just!

Lin Fan sneered without explanation. The other party would know if he ran the train with his mouth full.

“Now, you either get out of the way or continue to slap!”

Lin Fan stared at Li Xijun coldly.

“you!”

Li Xijun was furious, but at this time he did not dare to provoke this lunatic.

Lin Fan sneered, then took Bai Yi’s hand and walked towards the interior of the hotel.

And this time!

Li Xijun, who watched them leave, had a deep hatred on his face.

“Dog men and women, you wait for me, I want you to die!”

After speaking, she took out the phone directly, and then dialed a call.

.....

“Why did you come here? Bai Yi, why is your face not right?”

Only then did they see Baishan and his wife, and they saw at a glance that Bai Yi’s expression was not quite right.

“Did the young couple quarrel?”

Shen Yumei also asked with concern.

Bai Yi smiled bitterly, not wanting to worry about his parents, so she shook her head and said:

“I have nothing to do!”

She knew that once she let her parents know that Li Xijun was back, they were afraid they would go crazy and go to her to settle accounts.

Upon seeing this, Lin Fan sighed, and then took the initiative to change the subject:

“Dad, Mom, Bai Yi is so happy because he negotiated a big deal today, and he still hasn’t recovered yet.”

Hear the words!

Baishan and his wife also believed it to be true, and laughed and said:

“This is a good thing, then you have to celebrate! Waiter, three more bottles of Moutai!”

But after the audience, Bai Yi tried his best to cover up, but he was still smiling.

Although Lin Fan was heartbroken, he didn’t know how to comfort him.

Halfway through, Baishan went to the toilet, but something went wrong when he came back.

Originally he was walking, but a young waiter hit him directly around the corner, and the two fell to the ground at the same time.

And the tray in the waiter’s hand flew out in an instant, and the contents inside were smashed all over the floor in an instant.

Baishan grinned with pain, but it was the other party who cared first, and even proactively reached out to help him:

“Little brother, are you okay? Does it matter?”

Unexpectedly!

The waiter directly slapped his hand away and cursed:

“Old immortal, are you blind? Hurry to reincarnate?”
