

Chapter: 1528

boom!

Following Lin Fan's words, the atmosphere of the audience was completely burst.

It's Lin Fan!

It really is Lin Fan!

Everyone at the scene could hardly believe their ears, and at this time they all looked at Lin Fan with a look that would have seen a ghost.

Was scared, really scared completely!

This guy is capable of directly using Long Jiu's power?

"Impossible! This is impossible! You are obviously a door-to-door son-in-law, how can you be qualified to know Long Jiu?"

Du Yue was already scared and silly. Isn't this guy a little white face eating soft rice?

How could a little white face know Long Jiu's existence?

His voice was full of fear, and at this time he realized that he had caused a disaster.

It's not just him!

Even after Li Xijun heard this, he was dumbfounded on the spot, unable to believe his eyes.

Lin Fan's background is even more terrifying than the male master?

Isn't she dreaming?

A feeling of uneasiness swept through my heart instantly, making Li Xijun feel endless fear at this time.

"Asshole stuff! See you doing a good job!"

Zhou Chuxiong slapped Du Yue angrily, as if he was about to eat people.

Immediately afterwards, his face was ashen ashes, and he walked towards Lin Fan in extreme fear, and then knelt in front of Lin Fan with a puff.

"Excuse me, are you Mr. Lin?"

At this time, he, the black boss, didn't even have the courage to look straight at Lin Fan. He was able to let Long Jiu use his private power, and the man in front of him was afraid that his hands and eyes could reach sky.

Lin Fan smiled ho ho, then looked at the hotel with interest and said:

"If you come here a bit later, it is estimated that your hotel can be closed."

boom!

When Zhou Chuxiong heard this, his whole body trembled fiercely, and his face was suddenly full of fear.

Boom boom boom!

Then, he banged his head a few times to Lin Fan in a hurry, and his whole person was almost scared to pee.

This five-star hotel was his painstaking effort and invested more than one billion yuan. This is already his entire family property. If it is closed at this time, then he will have to go bankrupt!

"Mr. Lin please forgive me! Mr. Lin please forgive me!"

That stern and desperate cry of pleading resounded!

Seeing this scene, Du Yue and Li Xijun both felt as if they had been electrocuted, their statures were shaky, and they almost collapsed to the ground in terror.

It's him!

It turned out to be him!

All of them underestimated Lin Fan, and even dreamed that this trash could have such an ability.

"Master Xiong, right? Your subordinates used OEM wine to shoddy me 13 million, beat my old man, and even threatened me to break my leg without paying me. What do you think??"

Lin Fan asked with a smile.

boom!

Zhou Chuxiong's scalp suddenly numb, and he almost urinates in fright.

At this time, I finally realized how much Du Yue was looking for death!

Blackmailed the existence of thirteen million, and beat his old man, no wonder Long Jiu was so crazy!

It's him, I'm afraid I can't wait to smash Du Yue's body into pieces!

At the moment, his face sank, and he said very flatteringly,

"Everything is at the disposal of Mr. Lin, I don't have any comments!"

what!

Upon hearing this, Du Yue knew that he had been abandoned, but how could he be able to afford an existence that even their boss could not afford?

"My lord, forgive me! It's none of my business, it's Li Xijun! It was the bitch who encouraged me!"

Du Yue was going crazy, and he couldn't wait to smash Li Xijun to pieces.

waste?

Even Xiongye has to kneel down to please a man, what do you say is rubbish?

just!

He only turned his head, but there was still Li Xijun's figure on the scene. It turned out that this woman saw that something was wrong just now, so she strayed directly while everyone was not paying attention.

boom!

Du Yue's hair was completely blown up, and the initiator ran away, so at this time Lin Fan would definitely blame all the blame on him.

That's it!

He is completely finished!
