

Chapter: 1534

Therefore, this type of person is not worthy of mercy!

Seeing this, Lin Fan finally laughed, and his wife finally learned to be cruel.

boom!

Li Xijun's body trembled suddenly, and the whole person felt as if he had received an electric shock in an instant.

"Bai Yi, don't do this to me, please! I don't want to be ruined in this life!"

Li Xijun started howling miserably, and Bai Yi's legs firmly refused to let go. At this time, he couldn't get arrogant anymore.

Because she knew that once she was blocked, her life would be over!

She is studying medicine, and all the hard work and connections she has made over the years are in the medicine industry. If she is blocked at this time, all her efforts over the years will be in vain!

just!

Bai Yi was cold and kicked her away:

"When you took everything from me, did you ever think that you would ruin me for the rest of my life? Li Xijun, do you really think there is no retribution in this world?"

In her opinion, this is Li Xijun's retribution!

boom!

This sentence directly caused Li Xijun to blow up her hair. She immediately stood up, and stood up annoyed into anger, and cursed Bai Yi viciously:

"Bitch, do you want to ruin me? I told you it's so easy, you Bai Yi is only worthy to be stepped on by me in this life!"

Upon seeing this, Bai Yi also shook his head, and the other party still does not repent.

Bai Yi could also see that Li Xijun apologized not because he realized his mistakes, but because he was afraid that his future would be ruined. then!

Li Xijun looked at Mayweather and pleaded:

"Mr. Mayweather, you give me another chance. You should know my ability. I promise to make the company more money!"

"It's more than a hundred times more money than cooperating with that shit new Bai family, please don't fire me!"

She won't lose to Bai Yi, she obviously took everything from her.

just!

Mayweather looked at Li Xijun like an idiot. This idiot still feels that he will be subdued because of Bai Yi and her new Bai family.

But I didn't know that behind Bai Yi stood a terrible man who could influence the world!

Now Mayweather, how dare to go against Lin Fan's wishes?

If he dared to do that, let alone his group's failure to protect him, even he would have to end up unlucky.

Now!

Mayweather sank and said angrily:

"Needless to say, you have done so many nasty things and still don't know how to repent. It seems that banning you is still light for you."

"Then when I look back, I will take a trip to Harvard University in person, tell them what you have done, and let them log out of your student status!"

what!

Li Xijun was completely stunned!

In her mind, it was like a sensation of five thunders. At this time, for some reason, it was continuously circulating what Lin Fan had said before.

Lin Fan will recover everything she took from Bai Yi!

She sneered at this before, but now...

She realized that Lin Fan did what he said and he really succeeded in ruining himself.

Li Xijun never thought that Mayweather should be so ruthless. He has helped him negotiate so much cooperation over the years, and he has earned hundreds of millions of dollars.

But now, Mayweather did not hesitate to abandon her without showing any affection.

At the moment, seeing Mayweather not eating her set, she begged Bai Yi for mercy again cheeky.

just!

Lin Fan didn't give her a chance at all, and winked at Mayweather on the side with a cold face.

Mayweather reacted immediately, and then the opponent ordered:

"Throw this bitch to me! Don't let her affect the Yaxing of Mr. Lin and Miss Bai Yi!"

The group of security guards had already been in anger. If it weren't for Li Xijun, how could they be scolded like grandsons and still dare not reply?

Right now, they were forcibly dragging Li Xijun away, and in the process, someone unkindly slapped her twice.
