

Chapter: 1537

On the other end, Lin Fan took Bai Yi home!

However, when passing a forked road, a van surrounded them all.

One by one, the reckless men holding big knives walked off the van one after another, and then walked toward Lin Fan fiercely.

“Who are they?”

Seeing that the other person was unkind, Bai Yi suddenly paled with fright, and grabbed Lin Fan’s arm uneasy.

“I’m afraid it was a killer sent by Li Xijun, right?”

A touch of disdain appeared in Lin Fan’s eyes. Such a group of goods is really not worthy of his admiration.

“She still doesn’t repent?”

Bai Yi’s face sank, and a touch of anger appeared in his eyes.

Lin Fan smiled and asked:

“Have you ever seen a dog change to eat shit?”

Then, he pushed the car door and walked on.

“Boy, you’re Lin Fan, aren’t you? Someone spends a lot of money on your dog’s life today, and wants us to kill your wife first and then kill!”

A scarred face laughed lasciviously, staring at Lin Fan’s eyes as if looking at a dead person.

“You don’t have to do this, because the person who hired you is dead, even if you kill us, you won’t get the money!”

Lin Fan said with a smile.

what!

Hear the words!

The Scarface’s expression changed suddenly, and then he quickly said to his opponent:

“Call the eighth woman and ask what’s going on!”

It’s just that, after a long time, the younger brother said:

“Boss, Li Xijun can’t get through on the phone!”

Scar’s face suddenly became gloomy, and he cursed:

“What a fucking bad luck! This is a waste of work!”

Li Xijun just gave him half of the deposit, and the remaining balance was not settled by him. Under this circumstance, he would naturally not do it in vain.

Lin Fan said with a smile:

“Can we go now?”

just!

The Scarface smiled lewdly, and then squinted at Bai Yi in the car:

“Boy, since we are here, we definitely can’t make a trip for nothing, I have to charge some interest!”

“Your wife is so beautiful, it’s too selfish for you to enjoy it alone, so I can taste the sweetness too, so I can let you go, how about?”

This seems to be asking!

But Scarface was pressing forward at every step, while waving a big knife in his hand, with a touch of hostility in his eyes, as if threatening Lin Fan that if he refused to agree, it would be a dead end.

Ugh!

Lin Fan sighed and said helplessly:

“Do you have to find death?”

To be honest, he really didn’t want to kill people in front of Bai Yi, but someone wanted to force him to shoot.

what!

Upon hearing this, the faces of Scarface and others changed. How dare this guy threaten them?

Didn’t they make a mistake?

Does this kid know what his situation is?

Immediately, Scarface went into flames, and said viciously:

“Little bastard, I think you are too fateful! I will play with your wife in front of you. If you have the ability, you can stop me and try!”

“Not only I want to play, I also want my brothers to take turns to play!”

Scarface immediately ordered his little brother to let them drag Bai Yi from the car.

Hear the words!

Lin Fan’s eyes suddenly wiped a cold light, which aroused the murderous ferocity.

just!

boom!

At this moment, a black Mercedes-Benz car arrived at speed, and then steadily stopped in front of them, and the five men in black suits in the car also got out of the car one after another.

“Oh, did you bring a bodyguard? It’s a pity, just a few wine and rice bags, it’s not enough for Lao Tzu to stuff his teeth!”

The moment he saw the other party, Scarface smiled contemptuously, and he didn’t care about it at all.

just!

Lin Fan frowned, because these people in black were not arranged by him at all.

Moreover, Lin Fan also discovered that the qi they breathed was extremely unusual!

Lin Fan frowned suddenly, and a touch of horror appeared on his face.

One long and three short, this is the breathing method of a master!

Those who come are by no means kind!
