

Chapter: 1569

Buy a house?

Buying a house in Yulong Bay?

Bai Shan was clutching Lin Fan's forehead and said in astonishment:

"Xiao Fan, shouldn't you have a fever? How do you say nonsense?"

So Yulong Bay Zhu Yuqing said, the cheapest is worth thousands, where did Lin Fan get the money?

In fact, Lin Fan didn't spend a penny!

It was Mayweather who felt sorry for Lin Fan, so he compensated Lin Fan for a villa here, hoping that Lin Fan could forgive him.

And Lin Fan thought of the insults Zhu Yuqing and her son had made to their family some time ago, so he didn't have the kindness of rejecting each other.

But Shen Yumei looked at Bai Yi suspiciously:

"Bai Yi, what do you mean?"

In her opinion, only Bai Yi has such economic strength!

But Bai Yi shook her head, she didn't even know it was the case.

But at this moment, a Porsche stopped in front of them, and the rear co-pilot shook it down, revealing Zhu Yuqing's mean face.

"Yumei, are you here to see us? Why didn't you tell me in advance?"

Since the last time, Shen Yumei's family has planned to draw a clear line with Zhu Yuqing and others, and now they look at them, naturally their faces are not pretty.

At the moment, Shen Yumei said with a cold face,

"You made a mistake, we are not here to find you."

"Didn't you come to us? Is it possible that you are here to buy a house?"

Zhu Yuqing said with a smile but a smile.

If that were the case, it would be great, and this would give her son enough time to get in touch with Bai Yi!

"Yes, so what, my son-in-law is promising and wants to buy us a house, what's wrong?"

Shen Yumei said with a hint that it is naturally impossible to recognize counsel at this time.

just!

Hearing this, Zhu Yuqing and Lu Danqing burst into laughter crazily and looked at Lin Fan with playful expressions.

"Just this rubbish, and still buy a house? If you say that Bai Yi bought it, I still believe it, this is the dead poor ghost, he has a fart of money!"

And Lu Danqing also looked at Lin Fan contemptuously.

"Lin Fan, you earn your own face, not someone else. You always rely on women to protect it. Are you embarrassed?"

Lin Fan just wanted to speak, but Shen Yumei took the lead in scolding.

"It's your shit, who says my son-in-law can't afford it? It's him who spends money today, and my daughter doesn't spend any money!"

Ho ho!

However, Zhu Yuqing and Lu Danqing didn't believe it at all, they laughed slyly.

"If this is the case, we have to take a closer look, how a waste can afford the lowest ten million mansion!"

"Yumei, I know where the sales office is, should I take you to see it?"

This!

Upon hearing this, Shen Yumei's heart was broken, and she actually didn't believe that Lin Fan could afford the house here. Wouldn't it be revealing if it were to go?

"I... we've already seen it, ready to leave!"

Shen Yumei can only lie cheeky, this is also to take care of Lin Fan's dignity.

"Hahaha. Yumei, stop acting, I think this waste can't afford it at all, right?"

"you!"

Shen Yumei's face suddenly became more ugly.

But at this moment, Lin Fan smiled and said,

"We don't need to go to the sales office, because I have already bought it!"

what!

Zhu Yuqing and Lu Danqing's expressions changed, and then both laughed in disdain.

Bought it a long time ago?

It can be blown!

The house decoration in Yulong Bay, the transfer of ownership, and all kinds of messy procedures were arranged, and it was impossible to move in for three to five months.

They bought the house at that time and they were able to close the house only half a year later. This guy was obviously lying.

It's disgusting enough!

At the moment, Lu Danqing said in a tricky manner,

"Then how about you let us visit your new home? If you dare not, it can only show that you are bragging!"

"up to you!"

Lin Fan smiled faintly, and then walked directly into the Yulong Bay.
