

Chapter: 1579

Lin Fan just smiled and stood up slowly:

“The opportunity has already been given to you! You should have taken it well!”

With that said, he left towards the door!

“Don’t go! Tell me, are you Lin Zuo?”

Li Xiaoming shouted sternly, he already knew he was finished.

But he just wants to know who he is offending before he is unlucky!
just!

Lin Fan was not interested in taking care of him, and left Li Xiaoming’s office without looking back.

And just after Lin Fan left, a group of police officers poured into it one after another, staring at Li Xiaoming with serious expressions:

“Li Xiaoming, you are suspected of accepting bribes and using power for personal gain, please cooperate with our investigation!”

boom!

Li Xiaoming felt that his head was about to explode, and tears burst from his eyes.

He patted his thigh and cried to his father and mother:

“Jin Chengen, I’m fucking your uncle! You deliberately cheated me!”

.....

And this time!

When the Baiyi family was going back to their old house to move things, they also met an uninvited guest.

That’s Jin Chengen!

Different from seeing Bai Yi before, the current Jin Chengen is a triumphant person who looks at people from his nostrils and is full of arrogance!

Because he knew that Bai Yi now was the fish on his pallet. If he didn’t obey him, then all the vaccines would be ruined.

In this way, Baiyi’s 10 billion investment was completely wiped out.

Bai Yi will be completely bankrupt!

In this case, would she dare to refuse her request?

now!

Jin Chengen feels like he has decided Bai Yi!

“Jin Chengen, what are you doing here?”

The moment Bai Yi saw Jin Chengen, his face went gloomy.

Since that incident last time, she had no good feelings for Jin Chengen, and now she saw that Jin Chengen was still entangled, and she was even more disgusted in her heart.

Seeing Bai Yi’s attitude, Jin Chengun was suddenly furious.

What is inferior to that trash?

Why does Bai Yi treat herself this way?

Right now, he sneered and said maliciously:

“Bai Yi, I heard that your Xin Bai clan is in trouble, right?”

what!

Bai Yi’s expression suddenly changed wildly, and he realized something immediately, glaring at Jin Chengen:

“Yes... you did it?”

Not only her, but even Baishan and Shen Yumei are also angry.

“Jin Chengen, you beast! You killed my daughter so miserably in the past, and now you still refuse to let her go. You kill a thousand knives, I’ll fight you!”

Shen Yumei slapped Jin Chengen hard.

After Jin Chengen received a slap, he still had a sarcasm smile on his face, and said disdainfully:

“Auntie, is it useful to hit me? You should think about how to solve the problem!”

“Otherwise your daughter would really be bankrupt!”

“you!”

Shen Yumei’s angry face is green, how can this person be so shameless?

Abandoned her daughter without hesitation back then, now want to come back and force her daughter to submit?

Did they owe him in their last life?

Bai Yi didn’t even think that Jin Chengen turned out to be such a shameless person, reorganizing his shameless bottom line again and again.

Right now, Bai Yi looked at him sadly:

“Jin Chengen, what do you want?”

Hear the words!

Jin Chengen laughed obscenely, and looked at Bai Yi’s sexy figure with a squint:

“In fact, I have been regretting all these years, why didn’t I take you away for the first time before I left!”
