

Chapter: 1587

Black and white Shuangsha, that was an unsurpassable peak, and now this peak collapsed in front of her.

Moreover, in an instant!

There is not even the slightest room for resistance!

At this time, she suddenly woke up, the man in front of her was really Master Lin, and also a terrifying great master.

Even the black and white Shuangsha in his hands can't do a single move.

She regretted it.

I regretted why I was so impulsive, so I came to this monster to settle the account, but now even the strongest black and white Shuangsha among them has failed miserably, what can she use to kill Lin Fan?

The audience was shocked!

Looking at Lin Fan's gaze again, everyone was only panicked!

God!

This is simply a god!

A great master in his early twenties, and defeated the black and white Shuangsha with just one move, how terrifying is such a strength?

Especially the Mei family!

All are desperate at this time.

In their eyes, the black and white Shuangsha is an invincible existence, even if Lin Fan is really Master Lin, under the black and white Shuangsha, there will only be a disastrous fate.

But who would have thought that Lin Fan's shot would directly injure the two of them, causing these two invincible existences to be defeated directly.

For them, this scene was too shocking and terrifying!

They even suspect that Lin Fan is not a human at all!

Finally, Lin Fan spoke:

“You guys wounded my subordinates, right?”

At the same time, with a fierce gaze, staring at the black and white Shuangsha.

The two old brothers who were over half a hundred years old all immediately trembled. At this moment, where there is any mastery, they can only nodded stiffly.

“Everyone breaks one hand, and then leaves Mei's house, I will spare you not to die!”

Lin Fan relentlessly commanded, like a lofty king, giving orders to them.

In this regard, the black and white Shuangsha just gave a wry smile, but he didn't even have the courage to resist, and he broke his palm with a palm.

The two brothers helped each other to get up, preparing to betray the Mei family and leave.

But before leaving, they looked at Lin Fan with complex expressions and pleaded:

“Senior, can you tell us who you are?”

They want to know what kind of person they are defeated by.

Such an extraordinary existence like Lin Fan shouldn't be a generation of mediocrity, it's a deadly understanding.

Lin Fan glanced at them, then asked faintly:

“Black and white Shuangsha, do you still remember that the only defeat in your life was to whom?”

boom!

A simple sentence directly evoked the painful memories of the two of them. It was the darkest and most desperate moment in their lives.

The two brothers chased down the man confidently, but the other party defeated them completely in just a hundred rounds.

If it weren't for their strong strength and forcibly escaped, I'm afraid they are already dead now.

And that man is their nightmare so far, that stalwart and mighty body, that blood-stained armor, is still vivid!

He doesn't have a name, but everyone calls him the mad god of blood hell!

“You... are you his apprentice?”

Everyone suddenly looked at Lin Fan nervously, this young man in front of him is related to the blood prison mad god?

This makes them desperate!

That man is scary enough, but the apprentice he has cultivated is also so domineering?

After being defeated by the master and apprentice, the brothers only felt that their self-esteem was seriously damaged.

just!

Lin Fan's next words made the brothers completely crazy.

Lin Fan smiled slightly, looked at them and said:

“No, I am his master!”
