

Chapter: 1605

And this time!

After Lin Fan got out of the hospital, he asked Long Jiu and others to move and help him find a few rare medicinal materials.

He intends to personally mixing drugs, to treat white Iraq!

His wife and children are not allowed to have a little difference!

Soon, Long Jiu called and told him that there was only one chain pharmacy in Jiang City that contained the medicinal materials Lin Fan said.

At the moment, Lin Fan drove to the pharmacy!

The prescription boss is a thin middle-aged man with a mustache, dressed as a mean rich man, but when he saw Lin Fan coming in, he said with extreme indifference:

“buy what?”

just!

Lin Fan just said the names of those medicinal materials, which caused the owner of the prescription to smile contemptuously:

“You say these herbs, I have a shop, but almost add up to over one hundred thousand, you have so much money?”

Lin Fan dressed so poorly that he just came to ask for the price at first glance.

He has seen so many such dead and poor ghosts!

When I walked in, I was so proud, but as soon as I heard about the price, I walked away desperately.

Lin Fan saw the other party’s contempt, but at this time he didn’t bother to care about it, and directly slapped a bank card on the table:

“Swipe! Get medicine!”

Ok?

At this moment, the pharmacy owner held his glasses in amazement, and finally looked at Lin Fan with his straight eyes.

“Do you really want to buy?”

In fact, these medicinal materials are not that expensive, and you can buy all of them for tens of thousands of dollars. He said that it was 100,000 yuan to drive away Lin Fan.

As a result, this guy didn’t even make a counter-offer, so he just bought it?

Is this a local tyrant?

“Hurry up, I’m in a hurry to save people!”

Lin Fan said angrily, not having much patience at this time.

However, upon hearing this, the pharmacy owner smiled unkindly.

Save people?

No wonder they do not bargain!

Right now, he was greedy, and said with a wicked smile:

“I just remembered it wrong. These medicinal materials are not one hundred thousand, but two hundred thousand!”

Sit on the spot and start the price!

Because he knows, Lin Fan is definitely not counter-offer, Lin Fan Who needs these life-saving medicines do?

What he likes most is to take advantage of the fire. Anyway, Lin Fan is so rich, it is not a big deal to give an extra 100,000 yuan.

Lin Fan frowned, there was a little anger in his heart, but he still said coldly:

“Yes! Wrap it up!”

Ok?

The pharmacy owner was stunned again, and even 200,000 did not bargain?

This guy is so proud?

The moment, he is excited red in the face, and today he is experiencing God of Wealth, ah, God let him windfall sum, he can not afford to miss this opportunity ah!

“I was wrong, these herbs not two hundred thousand, but five hundred thousand!”

The drugstore owner said with a smirk.

Lin Fan’s expression was completely gloomy, and then he said in a bad tone:

“Boss, you have to sit on the floor one after another and raise the price. Isn’t it too much?”

Does the other party regard him as a triumphant?

He wanted to save people, but the other party wanted to mess with him?

“If it’s too expensive, you don’t need to buy it. Anyway, it’s not me who wants to save people. Go out and turn left. Walk slowly and not give it away!”

The pharmacy owner said insidiously, as if I would eat you up.

Extremely shameless!

“The last price is 500,000! If you still want to sit down and start the price, don’t blame me for being impolite!”

Lin Fan scolded with an ugly expression.

If the other party continues to make trouble, then he can only come hard.

“The boss is magnificent! The boss sees it as someone who does great things. I will help you pack the medicine now!”

The pharmacy owner laughed, and suddenly he changed his face, and then he blew a small song contentedly, and went to prepare medicinal materials.

For no reason, I met a stupid man with a lot of money, and he just made him hundreds of thousands in vain. He estimated that he would wake up from sleep tonight.

just!

Just when Lin Fan thought he could finally buy medicinal materials, the mutation happened.

“For those medicinal materials, I will pay a million!”
