

# Chapter: 1628

damn it!

Why is this guy so capable!

This is incredible!

Lin Fan also didn't deny it, and said with a grin:

“You still have the last backer now, and that is Lin Zhan'ao. If he can't save you, you will only have a dead end!”

These words, on the contrary, reminded Jin Chengen!

“Young Master Lin will definitely save me! Lin Fan, don't be proud, your wife's life is still in my hands. Only I can cure the poison in Bai Yi. If I don't give an antidote, she will only I can wait to die!”

“Let me go, I will give you the antidote! Never return to China again!”

Jin Chengen scolded nervously, with cold sweat on his forehead, anxiously waiting for Lin Fan's reply.

Lin Fan smiled slightly, but shook his head and said:

“It's a pity, I gave you one chance, I won't give you a second time!”

“As for Bai Yi, I have solved her poison.”

Solved?

how can that be?

Lin Zhanao clearly told him that it was extremely poisonous, and apart from a special antidote, no one could solve it!

From the beginning, Lin Zhanao planned to use this to blackmail Lin Fan!

Even if the poison has been released, Jin Chengen naturally has no means to continue to threaten Lin Fan.

He lost completely!

“Lin Fan...no, Brother Lin, I was wrong! Don't kill me! It's none of my business, it's all Lin Zhanao asked me to do!”

“I'm a little person, how dare you defy the Lin Family's wishes? I really can't help myself. You are kind!”

At this moment, Jin Chengen completely collapsed and was completely desperate.

He didn't need anything, no matter whether it was money or Bai Yi, he didn't need all of them. Now he just wants to survive.

Jin Chengen kept kowtow towards Lin Fan, completely shocked, his tearful appearance looked very hopeless, aroused the contempt of Kou Jianghuai and others.

However, Lin Fan still looked like oil and salt, shook his head and said:

“I said, I have already given you a chance, but I tolerate you as a performance of incompetence, have to force me to take action?”

“As a result, I have taken action now, but you are begging me to forgive me like a dead dog, Young Master Jin, what are you coaxing?”

Jin Chengen was speechless. How did he know that Lin Fan wouldn't make a move. Once he made a move, it was so terrifying and completely destroyed him. This method was simply terrifying.

There is no room for him to fight back!

“Give me another chance, for the last time. I will get out of Huaxia right now and never come back again!”

Jin Chengen cried bitterly, and the speed of kowtow became more violent.

He doesn't need anything now, he just wants to live!

But Lin Fan still shook his head ruthlessly.

See it!

Jin Chengen went crazy suddenly, his eyes were bloodshot, and there was a deep hatred in his eyes:

“Okay, Lin Fan, you forced me! Since you are going to die, let's die together!”

“You kill me, Lin Zhanao will not let you go! Your whole family will be buried with me!”

The voice just fell!

A messy footstep sounded from outside the door, and then an angry voice followed through the entire corridor:

“Where is Lin Fan? Let him get out and see me! Who allowed him to kill Jin Chengen? Stop it immediately!”

Upon hearing this voice, Jin Chengen's face suddenly showed a deep joy, and he hurriedly yelled:

“Master Lin, I am here! Come and save me!”

The savior is here!

He doesn't need to be afraid of Lin Fan anymore!

At the moment, changing the decadence just now, he laughed loudly:

“Lin Fan, you are done!”

“Master Lin is here, you can wait to die!”

And this time!

Lin Fan saw that Lin Zhanao came in from the door, but the moment he saw Lin Zhanao, his face was still sneered.

Lin Zhanao strode forward, with a powerful and gloomy expression on his body, and there were a few people behind him. This aura was obviously just for trouble.

Since Lin Fan has refused his request, he can start mobilizing troops as Lin Hongtu had previously ordered!

After Lin Zhanao came to the scene, without even looking at Lin Fan, he directly ordered:

“Jin Chengen, get dressed and come with me!”
