

Chapter: 1632

An hour later, Lin Fan finally walked out of the room. At this time, he was covered with blood, like a blood-bathed demon.

At the same time, there was a grim smile at the corner of his mouth:

“The Lin Family, your nightmare has begun!”

.....

And Lin Zhanao also returned to the Lin family, and said everything that happened in Jiangshi!

“This is your idea? What was the result? Our Lin family lost three great masters for no reason, and there were so many masters!”

Lin Hongtu roared furiously, staring at Lin Zhaohe and the others.

Hear the words!

The Lin family, whose faces were led by Lin Zhaohe and Lin Jiang, suddenly became extremely ugly.

Lin Zhaohe stepped forward and asked Lin Zhanao:

“Lin Zhan’ao, are you sure you relayed it to him as we said, don’t you have to do anything else?”

“Of course there is no, I did everything as you said! And I also said that we are just taking a stake in the New Bai family, and he is still the actual power holder of the New Bai family, and he still refuses to agree!”

“He even said that if you want to kill everyone in our Bai family, no one will let it go! That beast is already crazy, if he didn’t want me to come back and bring you a letter, he wouldn’t even let me go! ”

boom!

Lin Zhan’ao’s words immediately caused a violent commotion in the entire Bai family, making their expressions unsightly.

“A beast! Even his own father is not let go, he is simply a beast!”

“Our Lin family gave him a chance, but he still wants to fight with us. It’s really stubborn. Does he think we are afraid of him?”

At the moment, the sentiment is indignant!

They also know that now they are the only ones who have clashed with Lin Fan!

The loss of three great masters was also a devastating blow to the Lin family.

originally!

They wanted to reconcile with Lin Fan, but Lin Fan was shameless!

They just killed their people without even giving the slightest room for negotiation!

Seeing that everyone in the Lin family was completely furious, Lin Zhanao smiled insidiously, and then continued to add fuel and jealousy:

“He doesn’t even plan to negotiate with us. He has already said that if we don’t kill the last person in our Lin family, we will not give up. All the men will be killed, and all the women will be enslaved!”

what!

When the Lin family heard this, they were even more annoyed!

“There is nothing to say, brother, we know we were wrong, and everything depends on your plan!”

Lin Jiangxing said with a gloomy face.

“Big brother, you know the little beast, and you will do what you said in the future and go to full-scale war with him. If you don’t smash him into pieces, you will never give up!”

Lin Hongtu, who had regained his power, suddenly sneered:

“As far as you are naive and thought you could reach a reconciliation with him, I had long seen that the wild breed is a cold-blooded beast!”

“Only one of him and the Lin family can live! If he doesn’t die, we will have to die!”

A word!

It completely detonated the audience!

At this moment, all the Lin family members seemed to have been aroused fierceness, each with a hideous face and anger!

“Kill Lin Fan! Kill Lin Fan at all costs!”

They roared, murderous!

Seeing this, Lin Hongtu waved his hand with satisfaction, saying:

“Starting today, the Lin Family and Lin Fan will officially go to war!”

.....

And this time!

Bai Yi was also officially discharged. After Lin Fan’s treatment, her health was much better.

But even so, Lin Fan prepared a wheelchair for her and pushed her away.

“Are you too exaggerated?”

Bai Yi couldn’t laugh, she was now fully capable of walking on her own, but Lin Fan made her seem to be terminally ill.

“You should be careful when you have recovered from a serious illness. After all, you are pregnant with a dragon seed!”

Lin Fan said jokingly.

Bai Yi immediately gave him an angry look:

“You’re so poor, what kind of dragon species, you seem to be amazing.”

But Lin Fan just smiled, without explanation.

Pushing the wheelchair gently, tightening Bai Yi’s clothes, pushed her out of the door.

At this time, Bai Yi also looked happy!

Everyone once looked down on her for marrying a trash, but now everyone should envy her, right?

The more she came into contact with Lin Fan, the more she felt that her husband was extraordinary!

And this time!

Lin Fan’s phone rang.

Talking over there is very simple:

“Wang, the Lin family has done it!”
