

Chapter: 1635

Not to mention it is separated by a door, as long as the great master thinks, all the sounds of this whole building can be heard clearly!

That's why after hearing Long Jiu's report, the old man suddenly showed his fierce appearance, suddenly opened his eyes, and his eyes were fierce, as if he was about to eat people!

In an instant, the temperature of the audience dropped to freezing point!

Everyone shuddered and looked at this old man in horror!

And Lin Jiangchao was also puzzled, and asked inexplicably:

"Old man Ouyang, what's wrong with you?"

At the moment, Ouyang Hua said with a gloomy expression:

"Long Jiu betrayed us. He was calling the little beast of Lin Fan just now!"

what!

Lin Jiangchao's expression suddenly changed wildly, and a frost was suddenly wiped across his eyes!

In the next instant, he stared at Long Qianxi in the field, as if he wished to smash Dragon Millennium into pieces.

And seeing this, Long Qianxi knew that he couldn't keep it, and suddenly yelled:

"Stop them!"

boom!

In an instant, all the dragon family rushed out together, and forced to kill Lin Jiangchao and Ouyang Hua, intending to attack first!

They all knew that the great master Ouyang Hua was strong, and if they didn't take the lead, they wouldn't even have the qualifications to fight back.

At the moment, Lin Jiangchao's face was completely gloomy, and he roared angrily:

"Little Dragon's family, dare to insult me, I want your whole family to die!"

"Ouyang Hua, kill them all!"

Hear the words!

Ouyang Hua suddenly smiled, and then the tiger rushed out, two thin hands stretched out directly from the sleeves, and they clasped the arm of one of the masters.

Hiss!

Immediately afterwards, Long Qianxi saw an extremely horrifying scene, and Ouyang Hua actually tore a master into two alive.

It looks like tearing apart a piece of waste paper!

The scalp numb of everyone present!

This is too bloody!

All the Long family members are almost shocked when they see this place. Grandmaster and Grandmaster are missing a word, but they are far from each other.

They couldn't even stop Ouyang Hua's move, so what else did they use to stop him?

"Don't panic, when Master Lin arrives, kill him like a dog!"

A grandmaster yelled, and these words immediately boosted the morale of the audience. Everyone knew that Grandmaster Lin was powerful and could be described as extremely powerful!

Some time ago, three great masters were killed!

According to Black and White Shuangsha, they didn't make a move, it was all that Master Lin did!

One person, killing three masters, how terrifying is such a strength?

Even more exaggerated is that he is only in his twenties!

This kind of overbearing existence, even if Ouyang Hua meets, there is only a dead end, they only need to hold on until Master Lin arrives, then Lin Jiangchao and Ouyang Hua are bound to die!

Hear the words!

Ouyang Hua's face suddenly sank, he also knew Lin Fan's terrible, he knew that this place shouldn't stay long, he must fight quickly.

At this time, Long Jiu walked in and was stunned when he saw the scene of the rattling sword:

"Shao Lin, why are you guys?"

The moment Lin Jiangchao saw Long Jiu, the hatred in Lin Jiangchao's eyes was that he could no longer hold back, and roared:

"Old stuff, what a special acting, do you dare to betray me? My Lin family must make you die!"

Immediately afterwards, Lin Jiangchao ordered Ouyang Hua:

"Ouyang Hua, seize Dragon Jiu and Dragon Millennium, we will withdraw now! I will find a place where people are not human, and torture them well!"

Ouyang Hua nodded, and shot directly, as if he was in a realm of no one, no one could stop him.

Extremely domineering!

The members of the Long Family suffered heavy casualties in an instant, and fell down a whole piece!

Ouyang Hua grabbed Long Jiu and Long Qianxi directly and burst out, swiftly fleeing outside the hotel.

Then, I got directly into a van!

About half an hour later, in an abandoned factory, Ouyang Hua directly threw Long Jiu and Long Qianxi on the ground.

"Long Jiu, I thought you were a smart person, did you think that you were also an idiot with a brain?"

"You actually chose to stand on Lin Fan's side? Do you really think that just relying on that rubbish, can stop my Lin family?"

Lin Jiangchao looked at Long Jiu with a grim face, as if he was about to eat people.

Long Jiu, dare to show him along?

If he hadn't found out in advance, he would have been killed by Long Jiu now.

At this time, Long Jiu smiled and said:

"But in case, the waste in your mouth... is it Lin Zuo?"
