

# Chapter: 1639

This person is not someone else, it is Li Xunran!

The Medical Association held a meeting, and she, Yao Lao's most proud and beloved disciple, naturally couldn't be absent.

"Miss Li, what are you talking about? Why are you afraid of death?"

Bai Yi asked confused.

amount...

Only then did Li Xunran realize that he had said something wrong, and cast an apologetic look at Lin Fan.

Lin Fan smiled helplessly and said to Bai Yi:

"I'll explain to you later, let's go in first!"

Then, the three people walked into the meeting place together, and when they entered the meeting place, they saw a dense crowd of people.

Bai Yi only felt dazzled, and even her breathing became unsmooth.

"Cardiovascular expert, Chen Xiaoping!"

"Director of the Southern Military Region, Liu Guangyu!"

"The genius doctor of respiratory department, Zhong Beisheng!"

At the moment, these are all well-known giants in the Chinese medicine industry!

Every time they went out, it was the existence of all parties heavily hired as the dean, and now they all gathered together.

This time the Medical Association is too ambitious!

It can be said that almost all the well-known genius doctors of China have gathered!

As for Bai Yi's shock, Li Xunran felt very speechless. Your husband is China's most popular genius doctor Lin.

All the doctors present are not as big as him alone. Are you so surprised?

Then, she looked at Lin Fan with a weird expression. This guy has such a great identity, but he never mentioned a word, and would rather be regarded as a waste son-in-law?

What is this quirk?

Does this guy have a tendency to be abused?

Or is it more proud to pretend to be a pig and eat a tiger?

"Why are you looking at me?"

Lin Fan also noticed that the other person's eyes were wrong, as if they were looking at a strange animal.

The corners of Li Xunran's mouth are slightly raised, which is very meaningful.

But Lin Fan was very plain about this scene, because no matter how famous these doctors are, but in terms of medical skills...

Lin Fan does not say that he is the best, but he definitely knows the most!

Therefore, in the eyes of the world, these are the existences of genius doctors, in Lin Fan's eyes, it is nothing more than that!

And just now!

A group of men and women came over:

"Xunran, you are back, but we want to kill you!"

Then, a group of girls dressed up as celebrities came up to embrace Xunran.

At the same time, a young man also said with a smile:

"Xunran, you said you are also Yao Lao's proud protégé anyhow, what are you doing to that place in Jiang City where birds don't shit?"

"Where is that kind of poor place worthy of you? I also heard that the boss of the Xinbai clan asked you to sweep the floor at the Xinbai clan? If this is to let me see him, I have to blow his head.!"

Hear the words!

Li Xunran's expression became very embarrassing, because the new Bai boss who let himself sweep the floor was next to her.

"Xunran, why is your complexion not so pretty, what's the matter?"

The brother-in-law continued to ask questions without knowing it.

At this time, Lin Fan smiled and said:

"Introduce myself, I am the boss of the New Bai family, and I also asked Li Xunran to sweep the floor at the doot."

what!

The brothers and ladies were shocked, and they looked at Lin Fan with weird eyes.

Is this the weird thing?

The one who made the famous doctor Li Xunran a cleaner?

How dare he come to the imperial capital?

And that Young Master was taken aback for a moment, and then Extraordinary was a little embarrassed, but he even sneered:

"It turns out that it's you, a crippled man? You dare to bully our family. Are you brave enough?"

Upon hearing this, Li Xunran suddenly became anxious and furious:

"Zhou Junyu, what are you talking about? When did I become your family?"

This said, as if she had something to do with Zhou Junyu.

She didn't know why she was so anxious to defend in front of Lin Fan, in short, she didn't want Lin Fan to think that she was related to Zhou Junyu.

But Lin Fan was taken aback for a moment, and then laughed playfully. Zhou Junyu, the young owner of the Zhou Group, and the Zhou Group is also influential in the imperial capital. It has a history of 100 years and is considered a veteran force. He has also raised a group of masters under his hands.

"Sooner or later!"

Zhou Junyu laughed shamelessly, then looked at Lin Fan and said in an arrogant tone:

"Now, kneel down and knock Xunran a few times, and that's it!"
