

# Chapter: 1647

The moment Lin Fan stepped into the imperial capital, he was already dead.

A dead person can only jump around for a while.

At this moment, Lin Hongtu looked at an old man beside him and said with a smile:

“Lao Zhang, it’s up to you!”

Ok?

Lin Fan was looking at the middle-aged man with a big belly next to Lin Hongtu, with his brows frowned.

This person’s name is Zhang Jianjun, and Lin Hongtu will ask him to come forward. Naturally, he has a lot of background.

Because he is the head of the Food and Drug Administration, whether or not a pharmaceutical company in China can start business and whether or not a drug can be marketed is all a matter of one sentence from him.

In other words, as long as he said a word, Lin Fan’s New Bai family would have to close down, and whether the vaccine could be launched also depended on his mood.

Zhang Jianjun glanced at Lin Fan, but with an air of arrogance, he ordered:

“Your Xinbai’s is very good. The vaccines you independently produced have solved the country’s problems. I will arrange for the transfer of Xinbai’s at a certain time. I hope you will cooperate well at that time!”

Bai Yi’s face suddenly turned pale. Does this mean to embezzle her Xin Bai’s?

And Lin Fan was also amused by the other party, and ridiculed:

“If you say transfer, then transfer, what kind of thing are you?”

boom!

Upon hearing this, the audience fell into a strange silence.

At this moment, everyone seemed to have seen a ghost, looking at Lin Fan in horror.

Does this guy know what he is talking about?

This one can be called the dictator of the Chinese medicine industry!

In the medical world, that means the existence of oneness!

Of all the doctors and deans present, which one can’t look at his face to act?

Even Lin Hongtu had to be polite to him, but this guy dared to insult him in public?

madman!

This guy is simply a lunatic!

Think you have the strength of a great master, so you can be defiant?

Zhang Jianjun belongs to the existence that stands at the apex of power throughout China. He directly obeys the orders of the emperor, and the great master can only be reduced to bodyguards and subordinates in Zhang Jianjun’s eyes.

Lin Fan would be too naive if he wanted to see himself upright and feel that he could surpass Zhou Botong’s head.

Seeing that Lin Fan dared to speak to Zhang Jianjun like this, Lin Hongtu, Zhou Botong and others all smiled with glee.

The look in Lin Fan’s eyes was a little bit more sneer, this brainless kid didn’t even know that he had already pierced the sky, right?

Immediately, Zhang Jianjun’s face also became very unsightly. It was the first time in so many years that anyone dared to speak to him like this.

“The new vaccine is of great significance to the country. How can it be controlled in private hands, of course it must be handed over to the country!”

“You don’t want to do this kind of thing that will bring happiness to the people? As doctors, do you just realize that? Or do you only know that making a country difficult to make money!”

Lin Fan smiled, amused by the other’s shamelessness.

This top hat is well buttoned, as if Lin Fan would be a heinous traitor as long as he didn’t hand over the formula for the new vaccine.

At the moment, Lin Fan stared at Zhang Jianjun with a playful expression:

“Since you said that the Xinbai clan is meritorious, shouldn’t I make a small request too much?”

Hear the words!

Zhang Jianjun frowned suddenly and said in a bad tone:

“any request?”

Lin Fan said with a smile:

“Let your wife sleep with me!”

what???

Everyone seemed to stare out at this moment, with a hell of a ghost expression.

How dare this guy speak such nonsense?

You want to sleep with Zhang Jianjun’s wife without embarrassment?

Everyone was frightened at this moment. Is this kid deliberately plucking the tiger’s whiskers?

Zhang Jianjun suddenly jumped into thunder, staring at Lin Fan fiercely:

“what did you say?”

“Since I have done something that benefits the country and the people, shouldn’t it be too much to put forward such a small condition?”

Lin Fan sneered:

“You can save the whole world by sacrificing your own wife. You know that righteousness will definitely agree to it? Otherwise, you will be selfish and selfish regardless of the safety of the people!”

Zhang Jianjun was furious, shivering with anger, this kid was more clever than he thought, dare to humiliate him like this in public?

“Your old official rhetoric doesn’t work for me, hand it over to the country? I think it is handed over to the Lin family, right?”
