

# Chapter: 1652

At this time, Li Xunran also noticed something wrong, and said angrily:

“You are not a staff member of the hotel, who are you?”

“Those who want your lives!”

The driver suddenly showed a fierce look, and then turned back in an instant, a sharp blade pierced directly at Bai Yi.

See it!

Bai Yi suddenly lost her color!

But at this time, Lin Fan had already noticed it, and a hand knife slammed down angrily.

唰!

The assassin’s wrist snapped suddenly, and he let out a painful scream.

“Damn you!”

Lin Fan strangled his throat with one hand and said murderously.

Then, with a sudden squeeze, he squeezed his throat!

The assassin didn’t even snorted, and immediately died, and died suddenly on the spot.

Bai Yi was already terrified, and her Jiao body was shivering constantly.

At that moment, she really felt like she was going to die.

The blade was only a few centimeters away from her face door.

And when he saw Lin Fan killing someone, she was almost paralyzed in fright, it was the first time she saw such a cold-blooded Lin Fan.

It’s just like the devil!

“Why did you want to kill him? You still didn’t ask who was his behind-the-scenes messenger.”

Li Xunran said dissatisfied.

Lin Fan glanced at her and said:

“Since the other party dared to come, he clearly didn’t want to go back alive, so how could he tell the truth?”

“One more thing. He clearly came for me, but he shot my wife. It has already shown that he knew he was not my opponent. Someone had told him that I was a great master.”

“Moreover, it must be the Lin family!”

Lin?

Li Xunran was shocked, his eyes horrified:

“They are so courageous that they dare to kill people in the street?”

She knew that the Lin family would retaliate against Lin Fan, but she didn’t expect the other party’s revenge to come so quickly and so blatantly.

It’s almost as if you don’t have laws and rules in your eyes.

Lin Fan smiled, and a touch of playfulness appeared at the corner of his mouth:

“You underestimated the Lin family’s ability, and underestimated their hatred of me.”

“Well, you can send my wife home first!”

Talking!

Lin Fan took the initiative to open the door, ready to walk down.

Li Xunran suddenly panicked and said in horror:

“where are you going?”

Lin Fan glanced back at her, then glanced at Bai Yi, who was already frightened and silly, and smiled bitterly:

“Don’t you think that the Lin family would be so stingy and only send such a dead man to kill me?”

Immediately afterwards, he looked at the buildings on both sides of Yuanyang Street, more and more black shadows appeared, and a murderous smile appeared at the corner of his mouth:

“Great show, it’s just started now!”

Even though Li Xunran’s face sank, he knew that he couldn’t help Lin Fan here, but he pushed the corpse out of the car, then turned the front of the car and galloped away.

And Li Xunran’s actions also shocked everyone present.

“Second Lord, do you want to stop them?”

One asked Lin Jiangxing.

Lin Jiangxing’s eyes were full of hatred, but he just stared at Lin Fan:

“Don’t worry about them, kill this bastard first!”

Now he only wants to take the head of Lin Fan’s head. As for the others, he doesn’t care at all.

“When this little beast is born and dies, his wife Bai Yi is still not a pallet fish, let it be slaughtered?”

Lin Zhaohe also stepped forward and said with a grinning face.

And this time!

Lin Fan went deep into Yuanyang Street step by step, but his eyes looked very deep into the deepest part of Yuanyang Street!

Because in the deepest part of Yuanyang Street is the Lin Family!

Back then, he was driven out on this street, but now does the Lin family want to kill him on this street?

He wanted to tell Lin Fan that their Lin family was able to drive Lin Fan out of this street, and they can kill Lin Fan in this street today!

Lin Fan, laughed!

“You guys, what are you waiting for?”
