

# Chapter: 1657

Lin Zhanxi realized his failure to speak, and quickly changed his tone of voice and said:

“Lin Fan, you... why are you here?”

“Stop acting, I already know you sent someone to kill me.”

Lin Fan sneered, and these words immediately made Lin Zhanxi's heart frightened, and he took two steps back with a look of fear.

It seemed that he was afraid that Lin Fan would suddenly violent, killing him to vent his anger.

“Look at your prominence, he is alone, what's to be afraid of?”

Lin Hongtu glared at Lin Zhanxi with hatred of iron and steel.

Then, he stared at Lin Fan coldly:

“How did you get here alive? How did Lin do them?”

At this time, Lin Hongtu was also very annoyed. Those idiots were so careless that this guy broke in.

Didn't they meet Lin Fan?

In his opinion, if Lin Jiangxing and they met Lin Fan, then Lin Fan would definitely become a dead person.

“Here!”

Lin Fan smiled slightly, and threw a bloody bag out, and then the two heads suddenly rolled out.

It is Lin Jiangxing and Lin Zhaohe brothers!

boom!

Lin Hongtu and his son were horrified in an instant, the eyeballs seemed to be split from their eye sockets.

The scene before them was so incredible to them, it was like a dream!

Lin Jiangxing, they actually died?

impossible!

This is impossible!

Lin Jiangxing brought eight great masters with them on this trip, wouldn't it be easy to kill Lin Fan?

How could this guy use his own power to block the eight great masters and successfully kill both Lin Jiangxing?

dream!

They must be dreaming!

At this time, let alone Lin Zhanhuan, even Lin Hongtu was completely paralyzed.

The eyes were full of disbelief.

With the strength of the entire family, the Lin family can't kill Lin Fan alone?

Is this guy still a human?

Guru!

Lin Hongtu swallowed fiercely, and at this time finally began to regret it.

In order to deal with a Lin Fan, their Lin family was badly injured!

All the masters and heirs are all dead!

Is it really worth it?

Could it be that their Lin family was really destroyed in the hands of this kid?

This generation of heroes who have been admired for many years is actually scared at this time!

Because he saw infinite potential in Lin Fan's body!

This guy is simply not human!

“Dad, we are finished! We are finished!”

Lin Zhanli also cried bitterly, looking mad, almost paralyzed with fright:

“He is going to kill our whole family! He wants to kill us!”

He doesn't want to die!

At this moment, Lin Hongtu seemed to be ten years old, and he asked Lin Fan with a trembling voice:

“Who are you... on earth?”

He wanted to know what he had experienced after being abandoned by them, this waste that he regarded as a shame to the Lin family.

In just ten years, he has grown from a child to enough to subvert the Lin family's existence?

How can they stop the Lin Family's hundreds of years of experience?

But Lin Fan didn't plan to explain his identity so quickly, so he sneered and sneered:

“In the future, you will know!”

“In addition, I will stay in the imperial capital for three days, and I will give you three days to kill me, but every time you fail, I will kill a blood relative of your Lin family!”

“Until you two positions are left!”

Talking!

Lin Fan walked towards the gate without looking back.

“Don't go! Lin Fan, don't go!”

Lin Hongtu finally panicked, chasing him out like crazy, and shouted at Lin Fan with a ferocious expression:

“I hand over the Lin Family to you, and immediately treat you as the new owner! Please let us and the Lin Family!”

He is scared!

He is really scared!

In the past, Lin Fan was a shame in his eyes, even if he became a great master, Lin Hongtu never looked at him directly.

But now, he really realized that this kid in front of him had the ability to destroy the Lin Family.

He was scared, because he didn't want the Lin family's hundreds of years of inheritance to be destroyed in his hands, so even if he died, he would have no face to see the ancestors and ancestors.

And this time!

Lin Fan turned around, with a chilling arc drawn at the corner of his mouth:

“I'm sorry now, it's too late!”
