

Chapter: 1662

what!

Upon hearing this, everyone present was stunned, and each of them had a stunned expression, as if they were shocked.

The atmosphere of the audience fell into a weird silence!

They, is there an auditory hallucination?

follow closely!

“Puff! Hahaha!”

Everyone burst into laughter, as if they had heard a big joke.

After that, almost everyone looked at Lin Fan with a look of idiots.

This idiot, do you know what he is talking about?

He actually let them go?

Huo Dongying laughed loudly, all happy and crazy:

“Lin Fan, what are you like, do you have to get out if you say let us go?”

“Is this kid teased by a monkey? Do you really think of yourself as an onion?”

Everyone sneered at Lin Fan’s words. This guy is really interesting. Does he regard himself as the host of this banquet?

Say let them go, they have to go?

At first they felt that Lin Fan dared to be so hard-headed, he should be somewhat capable.

But now it seems that this guy is a 100% brain-dead!

However, Lin Fan was indifferent to everyone’s sarcasm:

“Yes, I said you get out, you have to get out!”

As he said, he looked back at Li Xunran at the same time and smiled:

“I think I still have this power?”

Li Xunran rolled his eyes, this guy is really good at hitting snakes and sticks, knowing that Yao Lao wanted him today, so he took advantage of the fire and robbed him.

At the moment, Li Xunran stepped forward with an indifferent expression, and looked around the young men:

“Huo Dongying, you can get out!”

what!

Li Xunran really wants to drive their house? And is it to drive them away because of the Lin family trash?

Hallucinations!

This must be an illusion!

Either Li Xunran is crazy!

Everyone felt incredible at this moment, how could this Lin Fan’s identity be more noble than them?

“Li Xunran, are you kidding?”

Huo Dong asked badly in English, frowning tightly.

Li Xunran expelled these wealthy children for the sake of a waste and abandonment, which made him have no way of accepting it.

Li Xunran glanced at Huo Dongying, but said with a calm expression:

“Sorry, he is my master’s distinguished guest, and what he said represents what my master meant.”

Quiet!

At the moment when he heard Li Xunran’s words, the audience fell into a dead silence, and everyone’s eyes were filled with incredible panic.

Lin Fan’s words represent Yao Lao?

What a joke!

How can this guy be qualified to represent Yao Lao?

Even Li Xunran is not qualified!

Right now, everyone felt that Li Xunran was talking nonsense!

And Huo Dongying also laughed loudly, as if he heard the most ridiculous joke in the world, he kept shaking his head and sneered:

“VIP? Yao Lao will be attracted to such waste materials, do you treat me as an idiot?”

Li Xunran blinked and said indifferently:

“do not you?”

you!

Huo Dongying was completely blown up, and Li Xunran was determined not to deal with him?

At the moment, Huo Dongying said furiously:

“Li Xunran, you insist on protecting this waste. Believe it or not, I will go to Yao Laona to complain to you?”

He didn’t believe that Yao Lao would really value this waste in front of him.

Li Xunran just sneered at Huo Dongying’s warning:

“It’s up to you, but please leave now! Otherwise, I’ll call someone else!”

The faces of Huo Dongying, Liu Xi and others were particularly ugly, and they didn’t even think that Li Xunran would be so uncomfortable.

Actually plan not to give them face?

This is too much, right?

Huo Dongying saw Li Xunran’s oil and salt not getting in, so she could only look at Lin Fan and laughed unkindly.

Naturally, this persimmon has to be squeezed softly!

“Lin Fan, I remember your wife is the president of the New Bai family, right? This time I come to the Imperial City, I must also want to need cooperation?”

“If you offend us, believe it or not, we let your wife’s new Bai family shut down and close the door!”

As soon as this remark came out, Liu Xi and others stared at Lin Fan with contempt.

All the people gathered here today are China’s top pharmaceutical companies. If you want to block a new Baishi, it is really just a matter of flicks.

In other words, whether Bai Yi can continue to mix in this line depends entirely on their faces.

Hear the words!

Lin Fan smiled, extremely ironically, then looked up at Huo Dongying:

“what do you want?”

Persuaded!

This trash is terrified!

Seeing Lin Fan’s attitude, Huo Dongying immediately thought that Lin Fan was persuaded. After all, he was a waste of soft food, and if he caused his funder to go bankrupt, he would not be able to eat it.

Right now, he smiled grimly, and said extremely arrogantly:

“Kneel down and knock my head! This matter, just forget it!”

Just listen to this!

Liu Xi and others are all smiling and playful, staring at Lin Fan maliciously.

just!

Lin Fan was amused by Huo Dongying’s words, and said sarcastically:

“That’s it?”

He thought that Huo Dongying would be even more excessive. It turned out that it was just the same childish behavior as when he was a child.

“Of course more!”

Liu Xi snorted coldly. He couldn’t understand the attitude of Lin Fan, the old god, and immediately strode forward, then picked up a bottle of red wine and poured it on Lin Fan!

Gudong!

Gudong!

Gudong!

It didn’t take long for a bottle of red wine to be completely poured, and Lin Fan’s body was also soaked.

But the strange thing is that he didn’t resist during the whole process!

For their humiliation, accept it calmly!

This kind of behavior seemed to Huo Dongying and others to be persuaded, but in Li Xunran’s eyes, it was his mother’s end!

A thick horror appeared in Li Xunran’s eyes, staring at Lin Fan in extreme horror.

That’s it!

This time, it’s over!

These idiots have broken the sky!
