

Chapter: 1668

Puff!

Just this sentence made Liu Xi completely paralyzed by fright.

Ok?

Yao Lao frowned suddenly, and then cast an unkind look at Liu Xi.

“You bitch, what did you do?”

Liu Xi’s mother was so angry that she slapped her, her entire face was already green.

Before, they still had doubts about Lin Fan, the trash discarded young man, but when they learned that he was the genius doctor Lin, they were completely afraid of the young man in front of them.

One, can they offend the people who let the country master personally name and promote them?

This young man is China’s hope for the future!

Liu Xi didn’t even think that it would be such a result, and she kept crying, at this time she couldn’t say anything.

It’s not just Liu Xi’s family!

Even Huo Dongying’s father changed color at this time and kicked Huo Dongying away.

“You rebellious son, you dare to insult the genius Doctor Lin, I think you are looking for death!”

Huo Dongying was kicked immediately, and his face was immediately covered with blood, and several teeth fell out, showing how hard the kick was.

There were so many elder brothers who had humiliated Lin Fan. At this time, they were almost scared to pee.

“Lao Yao, these children are young and ignorant. They may have offended the genius Doctor Lin, look...”

At the moment, the parents of those brother brothers are pleased with Yao Lao.

But Yao Lao had a cold face and scolded in a bad tone:

“What do you guys look at me doing, it’s not me that they offend!”

The implication was to let Lin Fan decide on his own!

And Lin Fan was smiling, and the old god was sitting on the chair:

“Don’t worry, now I have more important things to solve!”

Then, he looked at Zhang Jianjun and said without a smile:

“Kneel down!”

boom!

Everyone was shocked when they heard this!

They didn’t even think that the moment Lin Fan took the position of the new chairman, he was the first to attack Zhang Jianjun?

This is a direct plan to disarm Zhang Jianjun!

However, this is not the way to give the horse prestige, right?

Let the other party kneel down without saying a word?

This is too arrogant!

At this moment, everyone feels like they are dreaming!

Even the chairman, can’t help but put Zhang Jianjun, the chief drug supervisor in his eyes, right?

Zhang Jianjun was also trembling with anger. He had lived for more than fifty years, and it was the first time that he was as embarrassed as today and forced a yellow-haired boy to kneel down.

For a moment!

Everyone’s eyes fell on Zhang Jianjun’s face.

At this moment, Zhang Jianjun didn’t have the courage to refute, just standing blankly.

Today, Lin Fan is already a big red man in front of the Lord, and he can’t afford to offend him.

At this time, Lin Fan looked at Zhang Jianjun condescendingly:

“If you don’t kneel now, you won’t have the opportunity to kneel again in the future!”

The threat is already beyond words!

If Zhang Jianjun does not kneel, then Lin Fan will find opportunities to fuck him in the future!

And yes, fuck him!

Zhang Jianjun suddenly trembled all over, knowing that this kid will do what he says, and he will report it.

The Lin family last night is the best explanation!

This kid surnamed Lin is a madman, and he is still a madman with great abilities!

Even the Lin family was crippled by him, and he...I’m afraid I can’t resist it!

After hesitating for a while, Zhang Jianjun finally sighed, slowly knelt down on his knees, and said solemnly to Lin Fan:

“From now on, the new president, Ma Shou, will look forward to it!”

boom!

These words of Zhang Jianjun are like a huge thunder, and the sultry feeling explodes in the crowd!

Kneel down!

Zhang Jianjun actually knelt down!

The impact of this scene on them is no less than that of a volcano hitting the earth!

You know that Zhang Jianjun is a minister, and his status in Huaxia belongs to less than one person and more than ten thousand people, but now he actually succumbed to this young man in front of him?

Willing to abandon all dignity and kneel down?

Senseless!

Everyone present was dumbfounded!

After that, each of them felt their liver and gallbladder split, and they were so scared that they were about to lose their urinary incontinence.

With Zhang Jianjun’s identity and mind, if the young man in front of him didn’t completely despair him, he would never kneel in such shame.

The man in front of him has an unimaginable background!

Everyone panicked at this moment!

Huo Dongying and the others were the most desperate. They couldn’t even dream that things would develop in such a situation. The waste they looked down on the most had now become the person they feared the most.

The moment they saw Zhang Jianjun kneeling down, they completely collapsed!

When Lin Fan saw Zhang Jianjun kneel down at this time, he burst out laughing:

“Zhang Jianjun, you are a smart person, I like smart people!”

And aside!

Seeing Li Xunran here, he felt that the man in front of him was unfathomable.

Oh my!

He is only in his twenties, and he has such means and ability. Isn’t it incredible?

Then, Lin Fan looked at Huo Dongying and the others with enthusiasm, and said in a cold tone:

“Now, it’s time to calculate the general ledger between us!”
