

# Chapter: 1672

Xu Yourong's expression completely froze!

There is no demeanor!

The man in front of him is very demeanor!

Xu Yourong's beauty can be said to be side by side with Bai Yi, so no matter at home or abroad, there has never been a man like Lin Fan who talks to her.

Beat her all over the floor looking for teeth?

What a rude and vulgar guy!

At the moment, Xu Yourong's impression of Lin Fan is that it has dropped to a level again, and he feels more and more that Bai Yi must divorce this guy.

And this time!

She just thought of something and sneered:

"You gave Xinbai's and the vaccine? Lin Fan, you really dare to put gold on your face!"

"Before I returned to China, I had already investigated all your personal information. In the past three years, you have been a family cook. Except for washing and cooking, you don't know anything about it. Is it half a dime?"

"You are so brazen!"

Lin Fan shrugged, without further explanation.

The other party's impression of him was already preconceived, so Lin Fan would not believe what he said at this time.

In the short few minutes of getting along with this mean and sharp woman, Lin Fan has been living like years.

It seemed that I was just like shit in the eyes of the other person.

Fortunately, this atmosphere did not last long, and Bai Yi returned.

Seeing Bai Yi's return, Xu Yourong's attitude suddenly changed three hundred and sixty degrees, and his face was once again filled with a warm and friendly smile.

"What are you talking about, so happy?"

Bai Yi asked curiously.

"What's the matter? It's just to talk about the things between you. Mr. Lin and I really hit it off?"

Xu Yourong smiled ho ho, and then stared sharply at Lin Fan:

"You say so? Mr. Lin?"

Lin Fan smacked secretly, is this woman a chameleon?

This flipping is faster than flipping a book!

Sure enough, the more beautiful a woman is, the more deceitful it is?

After eating, Bai Yi received a call from Li Xunran to discuss the details of the cooperation between the Medical Association and Xin Bai's.

Bai Yi said sorry to Xu Yourong with a look of embarrassment.

Xu Yourong waved his hand and said generously:

"Nothing. Anyway, I have to go to Washington Pharmaceuticals for an interview today. We will meet again when we have time!"

Washington Pharmaceuticals?

Lin Fan frowned suddenly, isn't this his group?

Today, he is the president of the China Medical Association, and this Washington Pharmaceuticals is equivalent to the facade of the Medical Association!

What a coincidence, Xu Yourong actually wants to go to his own group for an interview?

Bai Yi nodded and said to Lin Fan:

"Lin Fan, you send your cousin to Washington Pharmaceuticals!"

Lin Fan's expression suddenly collapsed, and then reluctantly let out a loud voice, and said:

"Can I not go?"

The voice just fell!

Lin Fan stared at Lin Fan with two gazes that seemed to be killing.

Lin Fan's energy was shocked, and said weakly:

"I'm kidding, I'll get the car now!"

It's a blessing, not a curse, it's a curse that cannot be avoided!

After arriving at the place, Xu Yourong threw a pile of money to Lin Fan in disgust, which was a few thousand yuan.

Then he said with a cold face:

"You are dismissed!"

There was no second sentence, and I stepped on high heels and walked into the Washington Pharmaceuticals.

At this time, a sneer appeared at the corner of Lin Fan's mouth, and then he dialed Zhang Jianjun's number:

"Zhang Jianjun, a woman named Xu Yourong will come to our DC Pharma to apply for a job soon!"

Zhang Jianjun on the other end was immediately in awe, and said respectfully:

"Does Mr. Lin mean that I want to arrange a job for her? I will have someone prepare it now!"

However, the corner of Lin Fan's mouth showed a malicious grin, and said:

"No, I want you to make things difficult for her!"
