

Chapter: 1689

At this time, Ouyang Feifei and Wan Lishi left the Washington Pharmaceuticals, but their faces were gloomy.

Especially Ouyang Feifei, the resentment in her eyes is lingering, full of viciousness and cruelty, she can't wait to smash Lin Fan's body at this time.

Immediately, Ouyang Feifei stood still, and then said coldly:

“Sister Li, I can't just let it go!”

When did Ouyang Feifei suffer such a loss?

Today, she will never let it go!

Ok?

Wan Li Shi looked back at her and said angrily:

“Forget it, what can I do?”

“That's Zhang Jianjun, can we afford it?”

But Ouyang Feifei snorted frantically:

“What about Zhang Jianjun, who dare to embarrass me blatantly in his capacity? My tens of millions of fans drowned him with one spit!”

Wan Lishi's expression changed suddenly and looked at Ouyang Feifei in amazement:

“what do you mean...”

Ouyang Feifei smiled slyly, and said sinisterly:

“I intend to use my fans to make them condemn Washington DC Pharmaceuticals, and make this matter a big mess!”

“It's so big that even Zhang Jianjun doesn't dare to act rashly. Isn't this also a great opportunity to raise your profile?”

Hear the words!

Wan Li Shi was also moved, but said worriedly:

“This... won't be a problem, right?”

“What can be the problem, although it was my hand that moved first, but there is no monitor in that place, who knows who moved the hand first?”

Ouyang Feifei said sinisterly:

“At that time, I will pretend to be pitiful on the screen, and shed a few tears, then those on the Internet will definitely speak for me.”

“They are so cheating, they will definitely be fooled! When the public opinion is on our side, even if Zhang Jianjun hates us deeply, he dare not do anything to us!”

This woman's vicious heart and cunningness are extremely rare!

Now!

When Wan Lishi heard this, she was also very excited, and snorted coldly:

“Then do what you said! That Zhang Jianjun dared to prevent us from coming to stage in public, this matter absolutely can't just let it go!”

“After you operate like this, their Washington Pharmaceuticals will lose at least several billions. When I see, they can still be as defiant as they are today!”

The two hit it off quickly, and both planned to start with Washington Pharmaceuticals.

It's more than that!

Ouyang Feifei thought of the hateful Lin Fan, and said with bitter eyes:

“There is also the dead and poor ghost who beat me, and you can't let it go. You will find a few people in a while and make him!”

“I want him to die!!!”

.....

And about two hours later, a private helicopter landed on the tarmac of the Washington Pharmaceuticals. Zhang Yichen, wearing sportswear and facing the sky, got off the plane.

For a moment!

All the employees of DCP were dumbfounded and looked at Zhang Yichen in disbelief:

“That is the Queen of Heaven, Zhang Yichen? Oh my God! How could she come to our group?”

“Wow, it's so beautiful! With no makeup and sportswear, this temperament is so touching, you really deserve to be a sister in the entertainment industry!”

“This skin, tusk tusk, is better than I use skin care products. This is the so-called natural beauty, right?”

At the moment, all the employees were crazy and rushed towards Zhang Yichen, but they were stopped outside by Zhang Yichen's bodyguards.

Zhang Yichen bowed to them apologetically, and said in a sweet voice:

“Thank you for your love for me, but now I have something to do, and there is no way to sign it for you. When I'm done, I will hold an autograph session in your group. Can you see it?”

Wow!

At this moment, everyone present felt dizzy and almost fascinated by Zhang Yichen.

And this time!

In order to solve the big trouble this time, Xu Yourong had a meeting with all the high-level officials, but after several hours of discussion, there was no way to find a way to deal with it.

However, at this moment!

Xu Yourong's secretary rushed in anxiously, panting and saying:

“Supervisor, that... that she is here!”
