

Chapter: 1692

Lin Fan was so angry that he wanted to scold his mother. Is this bitch on purpose?

Bai Yi also stared at Lin Fan, waiting for his explanation.

“It’s really just a friend. It’s because of some friendship that I agreed to take the initiative to help?”

“Don’t I pay for the launch of the new vaccine and it has become mine?”

This...

Bai Yi is a little ashamed, is it really because his cousin thinks too much?

“Bai Yi, don’t let this guy lie, he may not know how many things are hiding from you.”

“Today I am ambiguous with Zhang Yichen, and I don’t know how many ordinary friends like this there will be in the future!”

Xu Yourong snorted coldly, staring at Lin Fan coldly, as if I had already seen you through.

Lin Fan was also dumbfounded, is this woman a dog? Have such a sharp sense of smell?

He is indeed ambiguous with Zhang Yichen, to be precise, Zhang Yichen wants to be ambiguous with him.

And hear it!

A deep worry also appeared on Bai Yi’s face.

Because she also discovered that Lin Fan’s relationship with women is indeed too good recently.

First Li Xunran, then Zhang Yichen!

And every one of them is a very good woman, so she has a sense of crisis.

She didn’t know what was wrong, Lin Fan became a sweet pastry that all women liked.

Is a family cook so attractive?

After a long time, Bai Yi sighed and said:

“Cousin, forget it, I believe Lin Fan! He won’t do anything I’m sorry!”

“You! Alas! You are too naive!”

Xu Yourong doesn’t make a fight, is this guy really that good?

Is it worthy of Bai Yi’s loss of reason?

This guy is obviously cheating!

Then, Xu Yourong stared at Lin Fan viciously, gritted his teeth and said:

“I tell you, if you dare to betray Bai Yi in the future, I will never let you go!”

But Lin Fan curled his lips and sneered:

“My wife, I naturally know how it hurts, so I don’t need you to be nosy!”

“you!”

Xu Yourong’s anger reappeared, but when he thought that there was still something to ask this bastard, he could only put the nasty pressure in his heart.

“By the way, tomorrow you will come to Washington DC Pharmaceuticals, Zhang Yichen said, she will sign the contract only if you are present!”

Xu Yourong said in a cold voice, even asking for help with a lofty attitude.

therefore!

Lin Fan responded with a sneer:

“Sorry, no empty!”

He came to destroy his family and wanted to ask him for help. Did Xu Yourong treat him as a fool?

Huh!

In an instant, Xu Yourong’s expression was completely gloomy, and he glared at Lin Fan and said:

“Should you not have to deal with the things you caused yourself? Do you still have a sense of responsibility?”

Ho ho!

Lin Fan was amused by Xu Yourong’s wicked complaint first, and said sarcastically:

“Have you forgotten, who drove me away? And who told me not to be nosy?”

In a word, Xu Yourong was speechless!

She indeed drove Lin Fan away, but the point is that she regrets it now.

Because now only Lin Fan can make Zhang Yichen change his mind.

If even Zhang Yichen is unwilling to cooperate with them, then they really have nothing to do.

“Okay, Lin Fan, I apologize to you! I hope you look at Bai Yi’s face and forgive me this time!”

“You have to know that the release of the vaccine this time is not only related to the fate of Washington Pharmaceuticals, but also to determine the future development of your wife’s new Baishi!”

“You, don’t ruin the development of the two companies just because of a moment’s temper!”

Now!

Lin Fan just sneered. He admired Xu Yourong’s eloquence a little bit. Sure enough, an educated person even said shirking responsibility so nicely.

Now it was as if he did not forgive Xu Yourong, he would be a heinous sinner.

Then, he looked at Xu Yourong and said coldly:

“Even if you don’t apologize to me, I will ask Yichen Zhang for help.

How can I be willing to see the company that my wife has worked so hard to set up?”
