

Chapter: 1697

just!

Seeing Lin Fan like this, Jiang Zunsheng still had a disdainful expression.

“Mr. Lin, right? It seems that you don’t want to negotiate anymore, that’s good! Then let’s kill the net together!”

“I will call Ouyang Feifei now and ask her to work harder and try to make your Washington Pharmaceuticals completely stigmatizing!”

“Let you be in China in the future, there will be no market anymore!”

With that said, Jiang Zunsheng took out his cell phone, really planning to call Ouyang Feifei.

just!

At this moment, his phone rang suddenly!

The caller ID turned out to be the housekeeper!

Jiang Zunsheng frowned, but finally connected the phone.

Then, the housekeeper’s cry came from the other end:

“Master, the big event is not good. The Fourth Young Master was killed in a car accident when he was racing outside just now!”

boom!

Jiang Zunsheng’s brain went blank for an instant, his whole body seemed to be electrocuted, and he trembled crazily, his face completely pale as paper!

Together with the mobile phone, it also smashed to the ground!

At this time, Jiang Zunsheng only felt that the sky was spinning, and his center of gravity was unstable and he was paralyzed on the ground.

Eye sockets, instantly moist!

His son is dead?

Was hit by a car and died?

This is undoubtedly bad news for a father!

Huh!

In the next instant, Jiang Zunsheng suddenly raised his head, staring at Lin Fan extremely bitterly:

“It’s you, you did it, right?”

There is no such a coincidence in this world!

Lin Fan had just called, and his son was killed by a car!

This cannot be a coincidence!

It’s Lin Fan’s ghost!

But Lin Fan didn’t admit it, staring at him with a sneer:

“I warned you and gave you a chance, but you don’t know how to cherish it!”

It’s him!

It really is him!

Jiang Zunsheng’s eyes were splitting, and he was completely crazy:

“I want you to die! I want you to die!”

“I’m telling you, your Washington pharmacy is over!”

Jiang Zunsheng went crazy and rushed towards Lin Fan, intending to fight Lin Fan!

Jingle Bell!

However, the desperate phone ringtone rang again.

Jiang Zunsheng’s footsteps then stopped, and then looking at his mobile phone, a touch of fear appeared in his eyes.

Because he saw that the number on the caller ID belonged to his third son.

“Take it up and see what your son said to you.”

Lin Fan spoke, and a smile like a devil appeared at the corner of his mouth.

Jiang Zunsheng’s heart suddenly sank. Could this guy still attack his other sons?

At the moment, Jiang Zunsheng was going crazy, he rushed to the phone, and pressed the PA with trembling hands.

“Dad, save me! They have interrupted my leg. They said that if you didn’t agree to their terms, they would kill me! Save me, Dad!”

The screams of Jiang Zunsheng’s third son came from the other end, full of despair and pain.

Jiang Zunsheng’s face looked like dead gray for an instant. After the youngest son, is he the third son?

This man had already arranged everything before he came here.

I am too naive. If the other party is just an ordinary doctor, how can he become the leader of Washington Pharmaceuticals?

He originally thought he had eaten Lin Fan.

But the truth is that Lin Fan ate him to death.

A call from the other party shattered all his hopes, and now he is finished!

Completely finished!

But at this moment, Lin Fan’s face once again showed an evil smile:

“Dong Jiang, let’s not worry, you still have three sons. It is not too late to make a decision when the last one is left!”

“Devil! You are a devil!”

Jiang Zunsheng suddenly roared out of control, he was going crazy at this time.

Lin Fan killed one of his sons and maimed one of his sons, and he could still laugh. He was cold-blooded.
