

# Chapter: 1702

Do you know you are afraid now?

Is it too late?

Everything has a price. The best thing in life is to make fewer mistakes, because you never know which mistake you make, which will bring you irreparable consequences.

“I will pay! I will pay you!”

Ouyang Feifei was horrified, her head was already swollen, and she pleaded crying:

“I will work slowly and return it to you! Please don’t kill me!”

Ho ho!

Lin Fan sneered twice, looking at Ouyang Feifei like an idiot:

“This is ten billion, not one million, let alone your reputation now, there is no way to make money.”

“Even if you were so popular before, it would be difficult to earn 10 billion in a lifetime, right? What are you paying me back?”

Even if it is the existence of the Queen of Heaven and Queen of Heaven, it is considered that it can earn hundreds of millions of yuan throughout the year.

As for Ouyang Feifei, even if she spends her life making money in filming, she will not be able to make 10 billion.

How to pay it back?

Give your life?

Lin Fan couldn’t wait for her forever!

“I... I will be your mistress while paying off the debt, and I will pay the debt!”

Ouyang Feifei said excitedly, this time is planning to use her own advantage to resolve this crisis, that is to seduce men!

There is no man who can reject her angelic face and devil figure.

Unfortunately, Lin Fan is not an ordinary man!

So after he heard these words, he laughed loudly, and then slammed:

“I refuse, you are so ugly!”

Quiet!

In an instant, the whole audience was silent!

Ouyang Feifei even stopped crying, looking at Lin Fan in disbelief.

As if he couldn’t believe his ears, this man said he was ugly?

Did you hear this wrong?

Ouyang Feifei’s pride was completely torn apart at this moment.

Lin Fan’s words just now made her more difficult to accept than killing her.

ugly?

She never thought that in her life, she would be labeled this way!

At this time, Wan Li Shi quickly kowtows to Lin Fan:

“She did it all, it has nothing to do with me, kill her if you want to kill, let me go!”

She doesn’t want to die!

Lin Fan glanced at her and sneered:

“If you don’t arrange for someone to kill me, maybe I would really consider letting you go.”

boom!

Upon hearing this, Wan Li Shi was completely desperate!

Got it!

This man, he knows everything!

In other words, at this time, even if she wanted to quibble, it was impossible.

Lin Fan glanced at Ouyang Feifei and Wan Lishi as if looking at an ant, and then said to Zhang Jianjun with an extremely sneer:

“They are yours!”

boom!

Upon hearing this, Ouyang Feifei and Wan Lishi seemed to realize their ending, and their bodies trembled wildly and uncontrollably!

At this time, howling crazy!

“Mr. Lin walk slowly!”

Zhang Jianjun bowed to Lin Fan respectfully and watched Lin Fan leave.

After Lin Fan left, Zhang Jianjun turned around and looked at Ouyang Feifei and Wan Lishi, his face gradually becoming hideous and terrifying:

“Just relying on your actor, you want to sway the entire Washington Pharmaceuticals? You are really wishful thinking!”

Ouyang Feifei is also very regretful, and her heart is like a knife.

There is no way to describe the regret in that heart.

If she hadn’t been so overwhelmed at first, or so domineering, now she is the spokesperson of Washington Pharmaceuticals.

Will succeed from being a popular actress to becoming a queen.

But there is no regret that medicine can be bought in this world, and now she is completely finished.

Not to mention the destruction of the star road, even his own little life could not be saved.

And she ruined herself by herself.

At this time, Zhang Jianjun had lost patience, and the direct opponent ordered:

“Done them, clean hands and feet!”
