

Chapter: 1714

Huh!

The audience fell into a dead silence!

Everyone was petrified in an instant at this time!

It was as if the mute switch was turned on, completely silent.

Zhang Jianjun's sudden respect broke the whole situation.

So many people in the two families were stunned and couldn't believe their eyes.

This... what's going on?

They, is this dazzling?

Even Zhang Jianjun, who has to be treated respectfully by both of them, is actually saluting this trash?

"Mr. Lin, I'm late!"

When this sentence resounded through the entire Li Family Hall, all the voices disappeared, and everyone had their eyes cracked. They stared at the bowing Zhang Jianjun, feeling an illusion!

What do they see?

Zhang Jianjun, who is in full control, is actually bowing to a door-to-door son-in-law in front of everyone's eyes?

Elder Li and the others, the eyes are about to stare out, this scene is so incredible to them.

"This... didn't you say that he is a little boy who eats soft rice?"

The members of the Wang family realized that something was wrong, and cast an angry look at Wang Boyi.

Which little white face can make such a big thing nod and bow?

You are just talking nonsense!

At this moment, Wang Boyi also felt that his heart was beating violently, and a deep anxiety suddenly emerged in his heart.

It shouldn't be like this!

He clearly understands Lin Fan, he is indeed a son-in-law!

More than them!

Even Father Li and a group of Li family members were dumbfounded at this time.

This kid in front of me is so big and promising?

No wonder Li Xunran said that they can't afford this man!

Judging from the current situation, it is really possible that their Li family could not afford to offend this man.

At this moment, the atmosphere completely solidified!

The faces of the two families were all gray, looking at Lin Fan in horror. At this time, they were almost scared to pee.

What's going on!

But Lin Fan glanced at Zhang Jianjun, but sneered:

"You want to give way to the side, but the Wang family and the Li family said they want to maimed me, don't delay them!"

Hear the words!

Old man Li and the others' hearts suddenly sank, and their bodies trembled fiercely.

Why can't I hear the sarcasm and mockery between Lin Fan's words?

"Oh?"

Zhang Jianjun turned around and smiled gloomily:

"Then I want to see who is so ignorant that even Mr. Lin dares to offend!"

Just listen to this!

The family members are almost paralyzed by fright.

At Zhang Jianjun, he squeezed a smile that was worse than crying.

Now, they dare not give them ten courage?

And the Wang family's face was also pale, all expressions were full of deep anxiety!

That's it!

It's a disaster!

Especially the people who have just humiliated Lin Fan, at this moment, they have a sense of imminent disaster, they know that they are going to die soon.

"What are you doing in a daze, do you?"

Lin Fan looked at Old Man Li with a smile, looking very impatient.

But there was a touch of extreme contempt on that face.

At this time, Father Li knew how stupid he was, and the man in front of him was much better than he had imagined!

And what Li Xunran said, Lin Fan is better than Wang Yi, now it seems that it is not necessarily a lie!

At least when Wang Gamei faced Zhang Jianjun, he had to bow down respectfully and shout for Zhang Bu.

Now, he said that he would break Lin Fan's leg, and even swept Li Xunran out of the house, which completely offended Lin Fan to death.

He is very likely to miss an extremely good grandson-in-law!

Now!

Elder Li's intestines are about to be regretful, staring at Lin Fan extremely unwillingly:

"Who on earth are you?"
