

Chapter: 1715

Father Li just finished speaking!

Everyone stared at Lin Fan fiercely.

At this time, they were all just like Old Man Li, desperate to know who Lin Fan was.

Hear the words!

Lin Fan smiled slightly and said:

“My name is Lin Fan, but if you like, you can also call me the genius doctor Lin!”

boom!

When the three words of the genius doctor Lin blurted out, the whole Li family was already paralyzed by fright!

Everyone’s eyes were filled with deep shock and astonishment!

Doctor Lin!

This guy turned out to be the famous Doctor Lin, the cutting-edge chairman of Washington Pharmaceuticals?

Are they dreaming?

How could the genius doctor Lin be so young?

When he was only in his twenties, he was the number one leader in the pharmaceutical industry. How could it be possible?

Everyone even felt dizzy at this moment!

I was completely shocked by the scene before me!

And Wang Boyi slapped and sat on the ground. The man in front of him was the genius doctor Lin?

To know!

For leading state-owned enterprises such as Washington Pharmaceuticals, the position of chairman of the board of directors must be determined by the highest level, and Lin Fan can sit in this position when he is only in his twenties, which is enough to show that this guy has a big background!

And he, dare to rob women with such an existence?

It’s not just King Game!

Everyone in the room also knew this, so they were all scared!

Offending such an existence is simply a disaster for them!

A hundred times better than King Game!

In their minds, what Li Xunran said just now appeared.

But just now, they all sneered at Li Xunran’s words and regarded it as a big joke.

Until this moment, they were finally slapped in the face!

but!

It’s more than that!

Just when everyone was shocked and inexplicably, there was a dense sound of footsteps outside the door.

Then a group of soldiers walked in quickly, carrying large and small bags in their hands.

This scene stunned everyone present!

“You are...”

Elder Li couldn’t help looking at these people in doubt, and after seeing the service of these people clearly, his expression changed.

“The man of Longya?”

Everyone was completely stunned!

Long Ya and their Li family have always had no intersection. How could they come to their Li family, or even come here to give them gifts?

But right after, Xu Longxiang led many high-level dragons to walk in stride, and when he saw Mr. Li, he took the initiative to shake hands:

“Patriarch Li, don’t come here unharmed!”

Old man Li is dumbfounded!

There is no intersection between him and Xu Longxiang. In that case, why would Xu Longxiang be so polite to him?

He, is this dreaming?

However, Xu Longxiang shook Old Man Li’s hand again, and said with a smile on his face:

“From now on, your Li family and my Longya can move around more!”

Longya actually throws an olive branch on their Li family?

Listen to Xu Longxiang’s meaning, this is to make good friends with their Li family!

But how could this be possible? Although their Li family had a great career in the imperial capital, they were at best a businessman, a so-called citizen.

But Longya is a veritable official!

How could they look at their Li family?

What exactly is going on?

All the Li family members were completely confused at this time.

However, at this moment!

Xu Longxiang turned his head and looked at Lin Fan:

“Mr. Lin, you explain what I have prepared, I have already prepared, please have a look!”

boom!

Everyone was shocked inexplicably!

Looking at Lin Fan with extreme fear.

Is it because of this kid again?

Xu Longxiang is so polite to them, not because of the Li family, but because of Lin Fan’s face?

Oh my!

What kind of background does this kid have that can make a regiment like Longya so humble to please, this is simply a dream!
