

Chapter: 1728

What Yao Lao said was wrong, and Zhu Yuanchao really wanted to reduce Lin's genius doctor to his tool for collecting money!

That kid can develop a new type of vaccine, and it is certain that he can develop other more remarkable prescriptions in the future. Isn't that a cash cow?

In this case, how can they give up?

Seeing Yao Laoming's stubbornness, Zhu Yuanchao also lost his patience, and simply tore his face, and said angrily:

"Lock up this old thing for me, no food or drink! Until he is willing to cooperate!"

Hear the words!

Zhu Qianlong suddenly smiled grimly, and said sharply:

"Come on, drag this old thing that doesn't live or die for him!"

.....

And this time!

Lin Fan had also received the message, knew the whereabouts of Yao Lao, and told Li Xunran!

Just after listening to it, Li Xunran's Huarong paled, and his whole body trembled uneasy.

Zhu family!

This is a terrifying strength, and their existence has a profound impact on the imperial capital and even the entire China.

Moreover, they are also the only force that doesn't need to give face to the Medical Association, Yao Lao falls into their hands, I am afraid it is in danger.

Lin Fan smiled and comforted Li Xunran:

"Don't worry, they are really aiming at me. They will not embarrass your Master until they see me."

Ok?

Li Xunran looked at Lin Fan in confusion, and asked incomprehensibly:

"Why are they so obsessed with looking for you, and even at the risk of kidnapping, they want to see you too?"

And Lin Fan, who had already understood everything, sneered:

"Because they want my vaccine and my medical skills!"

"Because they want me to be their dog!"

At the end of the voice, it was already full of killing intent!

About half an hour later, Lin Fan and Li Xunran arrived at Zhu's house!

And Li Xunran looked at Lin Fan and asked uncomfortably:

"Are you sure you can make the Zhu family concession just by yourself?"

Although Li Xunran knew that Lin Fan's identity was very unusual, he never connected him with Lin Zuo and the King of Blood Prison.

But the Zhu family was quite afraid of even the Lin family. Lin Fan came here by himself, could he really let the Zhu family calm down and let her master go?

Li Xunran deeply doubted this!

Then, Lin Fan smiled slightly:

"I'm alone, that's enough!"

just!

As soon as the words fell, a mocking sneer came from behind Lin Fan and Li Xunran:

"You want to rescue Yao Lao by yourself?"

"Lin Fan, you put too much gold on your face, right?"

Lin Fan and Li Xunran looked back at the same time, and they saw Lin Hongtu and Lin Zhanli and his son walking by in stride, with a contemptuous sneer on their faces.

It seems to be extremely disgusting with what Lin Fan said just now!

Even they don't have full confidence, why is Lin Fan so confident?

Really think that you are a great master?

That's the Zhu family!

The Zhu family, with a long history and a solid foundation, has not developed as vigorously as their Lin family in recent years, but the masters under their hands are still twice as many as their Lin family!

In addition, they have also cultivated a group of powerful dead men, named Hidden Dragon Killer. The level of the elite of this team, even China has some inconvenience to deal with, they have to ask them to take action.

Lin Fan wanted to let the Zhu family release people by force, that was simply whimsical!

And Lin Hongtu also looked at Lin Fan with ridicule:

"Boy, some things can't be solved by force. They need background, background, and status!"

"It's a pity, you don't have any of these three!"

Without an identity or status, Lin Fan is at best a reckless man with outstanding military strength and power.

Not much!

At this time, Lin Zhanli also smiled triumphantly, and pointed behind him:

"Lin Fan, now I will let you see what power status is!"
