

Chapter: 1739

Not long after, a group of people came to a deep mountain and old forest.

“Lin Fan!”

Bai Yi suddenly became nervous and grabbed Lin Fan’s hand.

Obviously she has realized the other party’s intentions, and this is indeed a good place to kill and bury the body.

But Lin Fan patted Bai Yi’s hand:

“Fool, have you forgotten that your husband is a great master?”

Ok?

Upon hearing this, Mao Xiaobao and the others in front were stunned, turned their heads and looked at Lin Fan with an idiotic expression:

“Boy, you are so scared, you are the Great Master? Do you think the Great Master is the carrot and cabbage on the side of the road?”

“Really, all cats and dogs dare to pretend to be the great master these years!”

Grand Master?

What about fools?

When did China have a great master in his early twenties?

Do you really think they don’t know the goods?

“Does this kid think this can bluff us? That’s funny!”

“Fuck, great master, why don’t you say you are Lin Zuo? Isn’t that more prestigious?”

Everyone laughed loudly, mocking Lin Fan’s way of saving his life was too stupid, it was just a laughing stock.

But at this time, Lin Fan just sneered in response:

“If I am a Grand Master, you will know soon.”

Ok?

Mao Xiaobao’s and others’ faces suddenly sank, and they shouted violently:

“You guys get out of the car immediately!”

They never wanted to see Lin Fan’s disgusting appearance, they were about to kneel in front of them like a dead dog, Lin Fan, a fellow who knows no height.

Lin Fan just smiled, then slowly pushed the door and walked down.

Hey, dare to come down!

Mao Xiaobao and others all sneered unkindly, and at this time they all began to admire Lin Fan’s courage.

He could still be so shocked when he died, and he was considered the number one man.

Mao Xiaobao looked at Lin Fan and said with a grinning smile:

“Boy, see if the feng shui treasure I chose for you is still suitable? If it is suitable, I will just dig a hole here and bury you!”

Lin Fan looked around, then nodded:

“It is indeed a treasure of geomantic omen, it is just right to bury you!”

“Damn, look for death!”

Mao Xiaobao and the others jumped into thunder, took the weapon in their hand and rushed towards Lin Fan.

But at this moment, the roar of cars rang abruptly.

Then, Mao Xiaobao and others saw black cars galloping from the hillside, and soon came to them.

“Zhu...Zhu’s family?”

Seeing the familiar license plate, Mao Xiaobao was almost paralyzed in shock.

How could the Zhu family appear here?

Not only him, but the younger brothers behind him also met the cat like a mouse.

They are well-known princelings in the old city, but with the top giants like the Zhu family, they are incompetent scum.

Then, they suddenly saw that Zhu Yuanchao and Zhu Qianlong pushed the car door at the same time, walking towards them with gloomy expressions.

Tiger and wolf teacher?

Seeing the father and son, the son-in-law headed by Mao Xiaobao, was shocked, and there was an even worse premonition in my heart.

“Who are you guys who dare to kidnap Mr. Lin and Mrs. Lin, and kidnap the distinguished guests of my Zhu family, are you looking for death?”

Zhu Yuanchao screamed directly. Since yesterday, he has closely arranged manpower to follow Lin Fan, just to seek an opportunity to curry favor with Lin Fan.

Sure enough, the Emperor has paid off, thank these reckless brains!

And hearing this, Mao Xiaobao and the others completely exploded the pot, as if the eyeballs were going to crack from the sockets.

Mr. Lin, Mrs. Lin?

These two people turned out to be distinguished guests of the Zhu family?

How could this be possible, aren’t they the wild species born to Song Yao, the daughter of the Song family?

Those brothers opened their mouths wide, and finally knew why Lin Fan was so calm. He had the Zhu family as his backer, so he didn’t put them in his eyes at all.

That’s it!

They let Song Jingteng get rid of it!
