

Chapter: 1751

But Lin Fan looked at these people in front of him, but his expression was indifferent, with the ultimate indifference on his face:

“No, the Song family doesn’t look down on us, so today’s visit is over, let’s go!”

Look down on us?

The gangsters were suddenly startled, and then a horrified murderous intent suddenly appeared on their faces.

Staring at Song Yuerong and others coldly, and being stared at by them like this, everyone suddenly felt a sense of splitting their nerves.

They all know that it is impossible to climb the dragon and attach the phoenix, and after today, I am afraid that no one will dare to cooperate with their Song family.

puff!

Song Yuerong directly vomited a mouthful of blood, only feeling that he had never regretted as much in his life as today.

Then, his head was hot, he fell backwards and passed out completely.

It’s not just him!

Song Jingteng and Song Xiyue were also paralyzed in fright. At this time, they didn’t know how to describe their feelings.

And seeing Lin Fan and a group of big guys preparing to leave, Song Xiyue finally couldn’t help but yelled:

“Lin Fan! Let me explain!”

Lin Fan turned his head and said coldly:

“If you are going to apologize, you don’t have to.”

Because of Lin Fan, it is no longer possible to forgive them.

After hearing this, Song Xiyue smiled bitterly:

“I know what I’m talking about now, it’s useless!”

“But I hope you understand that our Song family was not so unfeeling back then, and we wanted to find you back!”

“It’s the Lin Family, who stopped us, even threatened us, if we dare to take you in, let us Song Family have to die!”

“Our Song family, in order to protect ourselves, we have to separate our relationship with you, I hope you can understand!”

Ok?

Lin Fan frowned and said coldly:

“Go on!”

Song Xiyue hesitated for a while, then continued:

“The Lin family has always regarded you and your mother as a shame. You were not allowed to visit us when you were alive, because the Lin family considers itself innocent and superior, and ordinary people like us are simply not qualified to associate with them.”

“After your mother was pregnant with you, our Song family dared not offend the Lin family. Under their persecution, we could only ask your mother to knock you off. Your mother loves you too much, so I would rather run away alone than willing to knock you out.”

“After your mother died, they also ordered us not to contact you. If we dare to disobey, we will destroy our Song family. I don’t even use these things even if I lie. With your current ability, as long as you deliberately investigate it, you can definitely do it. Find it!”

The Lin family, it’s the Lin family again!

Lin Fan trembled all over, with raging anger in his eyes, wishing to smash the Lin family into pieces!

Damn the Lin family!

They should be broken into pieces!

“What I said is not to let you forgive our Song family, but to hope you don’t let the Lin family go!”

Ho ho!

“The Lin Family, I will naturally not let it go, otherwise you think who did the recent changes in the Lin Family?”

Lin Fan snorted coldly, then turned around and left towards the door:

“I swear in my mother’s name that the Lin family...will die!!!”

And heard Lin Fan’s words!

Song Xiyue and the others were completely dumbfounded!

It turns out that the Lin Family has been under siege recently, all because of Lin Fan, and it is Lin Fan who is taking revenge on the Lin Family.

How terrible is this young man to completely mutilate the big Lin family with one shot?

No wonder, even Lin Zuo and the King of Blood Prison had to give him face and send his own fierce future to help Lin Fan!

The ability of this young man in front of them is simply not what they can imagine.

Right now, his face was full of bitterness, and he sighed up to the sky:

“Yaoyao, you are right, the Lin family is wrong! The Song family is wrong! All of us are wrong!”

“What you are carrying is not a wild species, but a real dragon of destiny!”
