

Chapter: 1783

After arriving at the Continental Hotel, Wu Zhizhong began to scream:

“Help me! Come and save me!”

Ok?

All the staff in the Continental Hotel were shocked, and then quickly walked towards Wu Zhizhong.

“Wu Shao, what’s wrong with you?”

A group of people helped Wu Zhizhong up.

“Someone wants to kill me, and that person named Master Lin wants to kill me, he is behind!”

Wu Zhizhong’s face was as gray as death, and his whole body was wet with cold sweat.

Both legs shivered uncontrollably, and for the first time he felt that death was so close to him.

That genius doctor Lin turned out to be Master Lin!

What is even more exaggerated is that he knows his relationship with He Lanxuan, so he dare to kill him?

This made Wu Zhizhong couldn’t help wondering if Lin Fan was crazy! Otherwise, how could you do such a stupid thing!

If it weren’t for him to run fast, it is estimated that the madman would have really broken his body.

Master Lin?

The expressions of everyone present suddenly changed, and they seemed a little surprised.

But it was just a little surprised. After all, he was here at the Continental Hotel, and when he arrived here, the dragon was crouching or lying down.

After all, behind their Continental Hotel, there is Helan Xuan sitting in town!

In all aspects of Huaxia, who should not give three points?

“Wu Shao, don’t worry, no one can win you when you arrive at the Continental Hotel. We will now inform the Continental Hotel Army Seat and let him come here!”

Hear the words!

Wu Zhizhong is relieved!

Only at this moment!

There was a murderous voice outside that door:

“Wu Zhizhong, come out and die!”

Hearing this extremely arrogant voice, everyone in the Continental Hotel was completely stunned.

It seems that I never thought that Master Lin really dared to come!

Is this the guts of ambition?

Knowing that this is a mainland hotel, but dare to be so arrogant, that Master Lin is really damn it!

In China, there has never been anyone daring to come to their mainland hotel to make trouble!

“What a mighty prestige! I want to see where the sacred doctor Lin is when he arrives!”

A middle-aged man in a tuxedo with a mustache and dressed like an English housekeeper walked out.

The moment Wu Zhizhong saw him, it was as if he had grasped the life-saving straw.

“Uncle Li Yutang, you must save me!”

The middle-aged man in front of him is one of the three great kings under his uncle’s command!

Also the manager of this mainland hotel branch!

Li Yutang smiled confidently and said:

“Don’t worry, with me, the genius doctor Lin can’t help you.”

And just now!

Lin Fan strode in.

Xu Yourong was still dragging the oil bottle behind him, and their appearance stunned Li Yutang and others.

They thought that Lin Fan would bring more people, but Lin Fan was only two people?

Isn’t this too much of a concern for their Continental Hotel?

Right now, there was a sneer of contempt on the faces of Li Yutang and others, and Lin Fan had to bring an army at least if he wanted to go wild in their mainland hotel.

Otherwise, it would be a dead end!

“Hahaha, Lin Fan! I have arrived at the Continental Hotel, you have the ability to kill me here!”

Wu Zhizhong laughed wildly. He was in the Continental Hotel, and Li Yutang supported him.

He didn’t believe that Lin Fan dared to move him at this time.

Lin Fan swept across the crowd with his gaze, only to find that all those present were masters without exception.

Grandmaster!

Top master!

And the great master Li Yutang!

Sure enough, the Continental Hotel is a Crouching Tiger, Hidden Dragon. It is rumored that the general will dismount when the general comes, and the prime minister will have to take the sedan chair when he comes.

but!

If only these people wanted to scare away Lin Fan, then the Continental Hotel would be too naive.

“I don’t intend to have a nasty relationship with the Continental Hotel, I just want to kill him!”

Lin Fan spoke lightly and stated his position.

Also, give the Continental Hotel a chance to choose!

just!

Li Yutang and others all sneered when they heard Lin Fan’s careless words.

Li Yutang sneered and said:

“Don’t you know the relationship between Wu Zhizhong and Continental Hotel? Don’t you know that he is a descendant of He Lan Xuan?”
