

Chapter: 1784

Killing He Lanxuan's relatives in the Continental Hotel, could this guy lose his heart?

Isn't this still a nasty relationship with the Continental Hotel?

If they really let Lin Fan kill Wu Zhizhong, how will they see people at the Continental Hotel in the future?

The Continental Hotel will become the laughingstock of the entire China, and He Lanxuan will also be ridiculed.

Everyone looked at Lin Fan like an idiot. This idiot probably didn't even know what he was talking about.

"I know, but there is no conflict with me killing him!"

Lin Fan is about to move forward.

boom!

The Continental Hotel and the others were completely exploded, with murderous intent in their eyes.

Does the other party make it clear that they are not paying attention to their Continental Hotel?

Li Yutang took a step forward and said coldly:

"Sorry, as long as Wu Zhizhong stays at the Continental Hotel for one day, we will not allow you to kill him!"

"Master Lin, please go back!"

An overbearing aura emerged from Li Yutang's body.

The two sides are already facing each other at this time.

At this time, Lin Fan also had sharp eyes, staring at Li Yutang:

"Today Wu Zhizhong must die, even if Helan is declared here, I will say the same!"

"Don't be nosy, get out!"

Tough stance!

Extremely overbearing!

When Xu Yourong heard Lin Fan's words, he was almost scared of urinary incontinence.

This damn lunatic!

Does he know what he is talking about?

But when Li Yutang and others heard this, they were completely angry!

The other party was far more arrogant than they thought!

Li Yutang's face was completely gloomy, and he warned coldly:

"Your Excellency, this is to provoke He Junzao, and at the same time be an enemy of my Continental Hotel, isn't it?"

There have never been people, dare not to put their Continental Hotel in the eyes!

There has never been!!!

Lin Fan smiled and shook his head, an evil smile was drawn at the corner of his mouth:

"The same thing, I won't repeat it a second time!"

"Get out, or die!"

Ok?

Li Yutang's eyes were also cold, and he scolded angrily:

"Stop him!"

Since the other party doesn't know what is good or bad, then there is nothing polite.

All the staff members stepped forward and stared at Lin Fan, who was eye-catching.

It's like watching a dead person!

Since Lin Fan doesn't know how to promote, they naturally don't need to be polite.

Now they are not only protecting Wu Zhizhong, but also defending the majesty of the Continental Hotel, so neither of them can let Wu Zhizhong die in Lin Fan's hands.

Seeing the murderous people, Xu Yourong was also panicked.

I nervously grabbed Lin Fan's hand, and said anxiously:

"Lin Fan, you damn bastard, I beg you to go quickly?"

"I'm going to be scared to pee!"

Xu Yourong was really scared, maybe these people might really kill them.

"I asked you to come?"

Lin Fan looked disgusted.

Hearing this, Xu Yourong couldn't wait to slap Lin Fan. If the old lady was worried about your own death, I would come to this ghost place?

clatter!

Lin Fan stepped out, full of anger:

"Today I will kill Wu Zhizhong, come and stop me if you have the ability to try!"

Extremely overbearing!

Then, Li Yutang made an instant shot, and countless figures all rushed towards Lin Fan, planning to smash his body into thousands of pieces.

just!

Lin Fan shook his head and sneered:

"act recklessly!"

In the next moment, he swept out like a whirlwind, and his fists opened and closed and roared out at this moment.

"Lin Fan don't!"

Xu Yourong yelled nervously, but the next moment happened that surprised her.

In just a moment of effort, all the dozen or so strong men fell to the ground, all disabled and groaning in pain.

Everyone was completely stunned.

Lin Fan was like a tiger entering a sheepfold, and there was no one who could resist him.

One person, strayed wild in the mainland hotel, but there was no one who could stop him.

What kind of monster is this guy?
