

# Chapter: 1786

“No, you must die!”

Lin Fan shook his head directly, without even thinking about it.

Wu Zhizhong was going crazy, and said in extreme fear:

“Lin Fan, no matter how much you think about it, my uncle is a dignified army seat and the person in charge of the Continental Hotel. If you dare to kill on his site, he will never let you go.”

“Are you going to die together? I tell you, I won’t lose! Because your whole family will be buried with me!”

“You don’t even know how capable my uncle is!”

“Really? How about that compared to the forest seat?”

Lin Fan asked with a smile.

Ok?

Hearing this, Wu Zhizhong and the others were already stunned, not knowing why Lin Fan asked.

But Wu Zhizhong answered this question honestly:

“The four major military seats perform their duties, and the status and status are naturally equal.”

“Then he can’t save you!”

Lin Fan said coldly.

what!

Everyone was very angry, they hadn’t remembered clearly how many times Lin Fan had insulted He Lanxuan today.

This guy didn’t just put He Lan Xuan in his eyes, he wanted to step on his head and shit!

Li Yutang was so angry that he wanted to smash Lin Fan’s body into thousands of pieces. In their opinion, the man in front of him dared to offend their beliefs, that would be a crime.

Lin Fan stepped forward, strangling Wu Zhizhong’s throat with one hand, and directly lifted him up.

“No, I got it wrong!”

Wu Zhizhong shook his head, feeling the strength of Lin Fan’s palm contraction, and his crotch was soaked.

And wisps of blood constantly flowed out of his seven holes.

But Lin Fan’s face didn’t show any kindness:

“You shouldn’t provoke me at this time, because the current me has already killed my eyes!”

唰!

Lin Fan snapped his neck, and then he threw it aside as if he were throwing rubbish!

Today’s Lin Fan is very unstable!

Because too many things have happened during this period of time, which aroused too much hostility in his heart, so offending him at this time would be a complete dead end.

There is no mercy or kindness in this man’s heart!

Those who offend will kill!

Everyone looked at this scene with both anger and horror!

Lin Fan killed Wu Zhizhong here, and the reputation of their mainland hotel was ruined!

With the power of the entire mainland hotel, Wu Zhizhong could not be saved, which was a shame for them.

Even more ashamed of He Lanxuan’s trust in them!

Li Yutang gritted his teeth and looked at Lin Fan frantically, wishing to slash the hateful man in front of him:

“I will not let you go! I promise you that I will never let you go!”

He Lanxuan will surely cut this beast with all his might!

Ho ho!

In the face of He Lanxuan’s threat, Lin Fan only sneered.

Then he turned and left with Xu Yourong directly.

But no one dared to stop, and they couldn’t stop it!

“Call the army seat and report on today’s situation!”

“I want this kid to die!!!”

Li Yutang gritted his teeth and roared, this time he completely lost his mind.

.....

And Lin Fan’s message of roaring the mainland hotel quickly spread throughout the entire imperial capital.

Let everyone completely stunned!

Especially the Lin family, after learning this news, was simply ecstatic.

“Dad, Lin Fan’s life-and-death thing doesn’t count if he offends Xu Junzuo, he even dared to offend He Lanxuan! Hahaha, this time he is dead!”

Lin Zhanxi had a hideous face and scarlet eyes.

Lin Hongtu was also overjoyed and smiled:

“And Xu Longguan is already on his way, I believe He Lanxuan will also arrive in the imperial capital in the near future!”

“The two armies will shoot together, and the chopsticks will die!”
