

# Chapter: 1793

Bai Yi quickly stepped forward and grabbed Wang Yanli's hand, anxiously persuading:

“Cousin, you'd better go home first. Is there anything you can say when your cousin gets better?”

Xu Yourong is already emotional enough now, and if Wang Yanli stimulates her so much, maybe she really can't think about it.

just!

Wang Yanli, who missed her son-in-law, where would she give up?

She shook off Bai Yi's hand and said cursingly:

“Go home, what home? Your wild man broke my good deeds, and now you let me go home? You just left it alone!”

“Don't think that I don't know what you are thinking. You are just afraid that Xu Yourong's marriage is better than you, because you found a waste!”

Bai Yi's cold sweat has come down. When my cousin said this, did she think her daughter was not chilling enough?

And Lin Fan also shook his head, this woman is really hopeless.

Bai Yi sighed and begged with a bitter expression:

“Cousin, go home first, I beg you! If it is really Lin Fan's fault in the future, we will definitely find a way to compensate you, now the cousin's health matters!”

Wang Yanli shook her hand away again, pointing her finger at Lin Fan and cursing.

“If I think I can go, let you, a soft rice-eater, kneel down and lick my leather shoes clean, so that I will spare him if I am happy!”

Ok?

Lin Fan clenched his fists angrily, his eyes bursting with anger.

The other party's repeated provocations had wiped out Lin Fan's patience.

“Why are you still staring at my mother, believe it or not, I will immediately make you unable to eat?!” Wang Yanli cursed loudly.

There was a crisp sound, and a slap in the face slapped her face fiercely.

Wang Yanli was stunned there.

What made her think was that it was not someone else who slapped her, but her niece Bai Yi.

“You...you damn girl...you dare to hit me?” She put her hand on her fiery cheek and pointed her finger at Bai Yi.

This cheap girl, dare to hit her?

“Get out! Or I'll call the security guard!”

Bai Yi gritted his teeth and roared, and at this time was also aroused in anger.

Watching her child suffer, but turning a blind eye, even falling into trouble, Wang Yanli is a mother in vain!

“Bitch, when is it your turn to teach me?”

Wang Yanli jumped into thunder, pointed at Bai Yi's nose and screamed:

“Do you dare to beat me? My old lady wants you to die!”

Having said that, she directly raised her slap, and was about to wave her fiercely at Bai Yi's face!

But right now!

Wang Yanli's phone call suddenly remembered. After she glanced at the caller ID, she suddenly showed ecstasy on her face.

There was a big face change, and he said flatteringly:

“Boss Huang, why didn't you answer so many phone calls? Didn't Li always get angry?”

“It's all to blame for the mourning star in my family who offended President Li without knowing how to promote it, but don't worry, the same thing will never happen again!”

“Excuse me, please help me make an appointment with President Li. Next time I will let my daughter climb into his bed obediently!”

Heard this!

Bai Yi and others were dumbfounded, and couldn't believe this was what a parent said.

Let your own daughter climb into someone else's bed?

Wang Yanli made Xu Yourong so miserable, even planning to do it again?

Is that human being?

At this time, Xu Yourong was already crying horribly, and he felt as cold as ever before.

She couldn't believe her ears at this time.

She was already in such pain, but her biological mother didn't care about her feelings at all, and even wanted to push her into a deeper abyss?

however!

Boss Huang on the other end was silent for a moment, but he spoke indifferently:

“No, Mr. Li is dead!”
