

# Chapter: 1804

“Beat her? She almost killed my mother. I wouldn’t be kind to kill her.”

Xu Dexiang said angrily, if he really listened to Wang Yanli and others’ instigation just now, then the old lady would be really helpless.

The old lady was struggling to get up, Xu Dexiang hurriedly went over to help her.

Xu Yourong also hurriedly stuffed a pillow behind her grandma and asked the old lady to lean on it.

“Am I sick?” the old lady said a little confused, “you are worried about me, are you all here to guard me?”

Xu Yourong said happily: “Grandma, you are in trouble now, Lin Fan has taken a pill for you, and you will be able to live a long and healthy life in old age!”

“Oh upset?”

The old lady looked at the door-to-door son-in-law Lin Fan, who had always been regarded as “trash” by relatives and friends, and asked suspiciously.

“You Rong, you mean, did Lin Fan rescue me?”

Xu Dexiang said excitedly:

“Yes, Mom, it was Lin Fan who saved your old man! The pill in his hand is invaluable. He took it for you without blinking his eyes. He is the great benefactor of our family!”

but!

Just listen to this!

Wang Yanli, who was on the side, curled her lips and said unhappily:

“In my opinion, my mother has no big problems. The pill that Lin Fan gave me took advantage of it.”

Wang Youcai’s spirit suddenly came and said quickly:

“Isn’t it? Dexiang, Yanli is right. My grandmother and her old man could have a long life, but she was just a little coma, so the bet just now was invalidated...”

Lin Fan sneered and looked at their brothers and sisters: “What, are you planning to go back?”

Xu Yourong angrily said to Wang Youcai: “Uncle, the husband said nothing, it is difficult to chase the horse. Isn’t that what you just said? Now my grandma has regained consciousness, are you going to cheat?”

Wang Yanli persuaded at this time: “You Rong, he just talks about playing, why are you taking it seriously? He is your uncle...”

Xu Yourong argued: “He is my uncle who is wrong, but he is also the sinner who tried every possible means to stop us from saving people! Mom, that’s your fault. When they ran against Lin Fan just now, you didn’t help to speak, now it’s his turn. Knocking your head at Lin Fan, you still only help them!”

The old lady on the bed asked blankly.

“Knocking your head, what is your head knocking?”

Xu Dexiang explained: “Just now, Lin Fan said that he could use that pill to save you. They didn’t believe it. If Lin Fan really wanted to save you, he would knock Lin Fan three times.”

The old lady looked at sister Wang Yanli and asked:

“Is there such a thing?”

Wang Yanli saw that the denial would not pass, so she nodded bitterly.

“Mom, there is such a thing, but this is what my elder brother said for fun, can’t you take it seriously?”

Unexpectedly, the old lady ignored her, but said to Wang Youcai.

“Wang Youcai, anyway, my old lady really woke up. You can thank Lin Fan for me and give him three beeps.”

Wang Youcai grinned and said with a wry smile: “Old lady, I didn’t even kowtow to your old man, do you really kowtow to this trash? Isn’t it appropriate?”

“Kump! Isn’t it just knocking three heads?” the old lady said impatiently:

“If you don’t knock, don’t come to our house in the future! Don’t forget how much benefit our Xu family has given you over the years!”

Xu Yourong urged on the side: “Kump quickly, uncle, grandma and her elders have spoken, do you want grandma to knock these three beeps?”

Wang Youcai gave Xu Yourong a fierce look, and then helplessly lay down on Lin Fan, kowtow three heads as if dealing with official business.

only!

He knocked his head just to pretend, and his scalp just touched the floor.
